BRITISH LOSE GREATEST SEA FIGHT

9 ENGLISH AND 3 GERMAN BATTLESHIPS SUNK IN NORTH SEA

ROOSEVELT IS INJURED BY ATTACKS ON HUGHES

Resentment Is Also Felt at Intransigent Attitude Held by Many of Progressive Members

G. O. P. LEADERS ARE FOR HARMONY

But Party Immolation Is Not Included in a Willingness to Close Up Old Party Breach

CHICAGO, June 2.—The more conservative of the Roosevelt supporters fear that injury has been done to the cause by some of his over-enthusiastic friends. Particularly do they disapprove of the whispered attacks upon Hughes and the open threats of a bolt if the Republicans fail to nominate Roosevelt.

Regular Republicans are resenting the attitude assumed by a number of the Progressive leaders, who declare there can be no harmony without Roosevelt. Appreciating the grave danger to the Roosevelt cause if such a course is persisted in, George W. Perkins hurried to Chicago and announced that the radical Progressive expressions were not official. That any good candidate who stands ready for Progressive principles will be satisfactory.

Republican leaders have so far remained silent. They desire harmony, but not to the extent of sacrificing the party. They express a willingness to keep in the background as candidates those Republicans who were in the thick of the contest four years ago. They ask the same of the Progressives. In some quarters the silence of the Republican leaders is looked upon as a sign of weakness because it is in such decided contrast to the policy of the Progressives, whose campaign activities are daily increasing. Republican leaders are talking, although not for publication. They are positive in their declarations that the convention will not be stamped. They will go a long way in the interest of harmony, they say, but there are limits. They will never turn the party over to its enemies.

HUGHES SENTIMENT STRONG.
That there is a growing Hughes sentiment is best evidenced by the volleyed attacks, daily increasing, made upon him by the supporters of other candidates. The fiercest papers are supporting Roosevelt and belittling Hughes. In this connection it is pointed out that Hughes defeated Hearst for governor of New York in 1906. There appears to be a steady growth of Root sentiment, although many Progressive leaders oppose the former New York Senator because of the fact that he presided over the 1912 convention.

When Candidates Row began to stir this morning the Presidential milling began where it left off last night, with the allies still fighting the Hughes boom. The outlook was still Hughes or Roosevelt. The Roosevelt people went so far as to offer, informally, a compromise slate to dispose of a few favorite sons' booms. One slate fixed up for pre-convention conversation was Roosevelt for President, Fairbanks for Vice-President, Root for secretary of state and Burton for secretary of the treasury. This combination was expected to tickle the old guard and sweeten the water added to be a bitter case to the men who beat Roosevelt ten years ago.

This combination was said to include the selection of some well-known Progressives for cabinet jobs. Judging from the hotel lobby gossip such a slate is far from pleasing just now to the allies or regular hosts. But they had no counter proposal to make which would take care of the various favorite sons and intimations that they will be willing to trade the platform for the nominee—that is, accept Roosevelt's Americanism in their declaration of principles, but name some other leader as the standard-bearer—was known to be entirely unsatisfactory to the Roosevelt leaders.

COLOREL FEARS HUGHES.
No one pretends that Colonel Roosevelt himself has given his consent to any proposition of this kind, but some of his friends are credited with proposing the deal.

There is no question but that

TOLL OF BATTLE BOTH SIDES LOSE

NEW YORK, June 2.—The English and German fleets met in the greatest sea battle of the war on Wednesday and the British suffered tremendous losses in ships and men. The German fleet also suffered heavily in the long, fierce battle, which extended into the night.

At this hour all official statements indicate the British were much heavier losers than the Germans.

The British Admiralty statement, which reached New York more than an hour after the first news came by German wireless, admitted the loss of three battle cruisers, two cruisers and five destroyers.

The German Admiralty admitted the loss of one battleship, one cruiser and several torpedo boats, with one cruiser and several torpedo boats missing.

The German and British lists agree on the sinking of the Queen Mary and the Indefatigable, British battle cruisers. The British also admit the loss of the battle cruiser Invincible. The German list claims the destruction of the British super-dreadnaught Warspite, but the British list did not include the Warspite.

The total number of men on the British ships sunk, if they were carrying normal complement, was 6255, excluding the crews of two destroyers with unrecorded complements.

On the Marlborough, reported by the Germans to have been torpedoed, were 1000 men, not included in the above figures.

The total loss in British tonnage claimed by the Germans is 125,850. The loss in German tonnage admitted by the German admiralty is 16,915.

The Wiesbaden is not included in the estimate of lost German tonnage.

The German ships carried at least 993 men.

FRANCHISE PLAN MAY RESTORE O. T. SOLVENCY

Public Ownership or Receivership Appear Alternative Measures.

Oakland and the east bay communities face a problem of public utility finance which will be formally presented at a meeting of representatives of civic bodies Tuesday evening at the Chamber of Commerce—a problem which directly affects the stability of values within a radius of approximately twenty miles, and which means one of three things—the public ownership of the San Francisco-Oakland Terminal Railway, a receivership for the company, or the successful solution of the corporation's financial woes.

In a letter to Joseph H. King, president of the Chamber of Commerce, W. W. Garthwaite, Joseph F. Carlson and Russell Lowry have made a report on the crisis in the affairs of the corporation, summing up the immediate urgent needs of a utility in five counts. These contemplate the necessity of double tracks where single track service is now installed, extensions into highly developed residence districts, rapid transit between the east bay communities, reconstruction of depreciated property, and increased facilities in additions to equipment, including rolling stock.

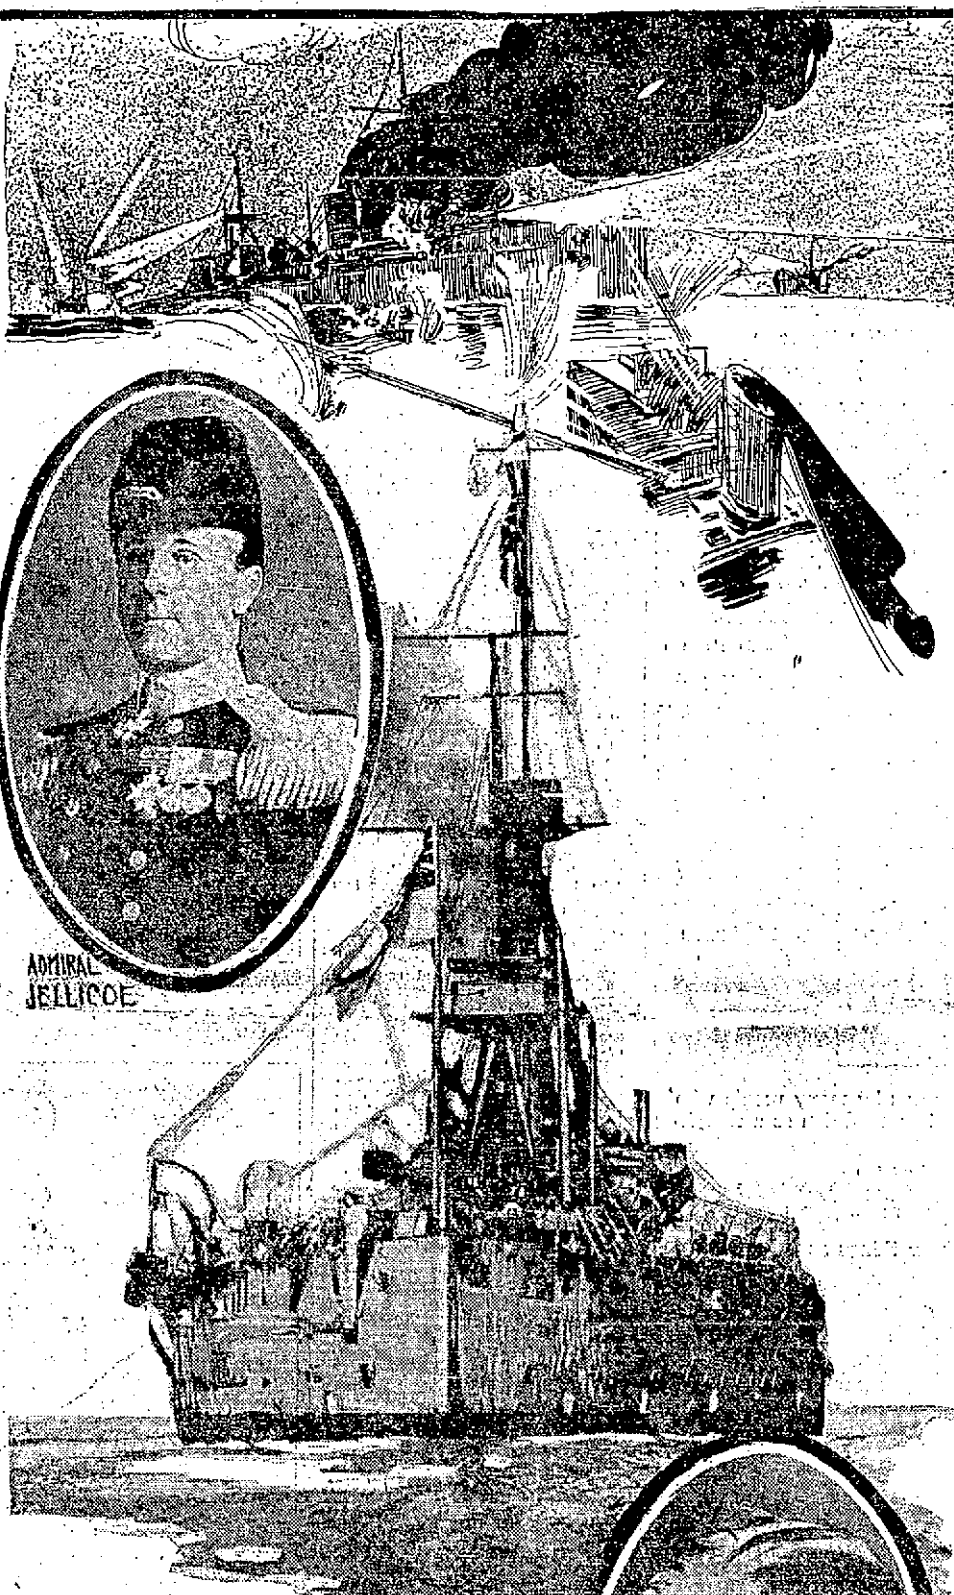

FRANCHISES FIRST.
As the matter will be presented to the meeting Tuesday night in the form of an analysis of the basic difficulties besetting the officers of the company, attention to franchises will probably be the first subject of consideration. Coupled with this will be a statement of the financial paralysis that has retarded development for the past three years, during which time the trustees for creditors have been struggling with the problem. For one year the reorganization committee has also tried to work out some solution, but the ultimate conclusion appears to be that reliance depends upon more certain security, and that can come only from the citizens served by the company.

At the present time \$3,600,000 in notes are three years overdue. Bonds in the sum of \$1,121,000 are soon to come due, and the company has already failed to meet its sinking fund obligation to the amount of \$670,710. This default has constantly increased, and in the language of the communication now filed with the Chamber of Commerce, "the next step for a company in this condition is receivership." The state is exacting a tax of 5 1/2 per cent on gross income and an additional item of 7 per cent of the gross earnings is going into upkeep and improvements.

SECURITY DECREASING.
In failing to find funds in Eastern markets for the needs of the utility the officials have had to offer a lot of 134 franchises which expire in small parcels between 1923 and 1964. The efforts at loans have failed because the franchisees do not expire with any uniformity. This is illustrated in the fact that in 1937, 19 miles of franchise expires, while in 1942, 22.67 miles expires. As loans

Best Co. to Build San Leandro Plant

SAN LEANDRO, June 2.—C. L. Best, president of the Best Manufacturing Company, with offices in Elmhurst, announced today that the company had purchased fifteen acres of land in this city for the purpose of erecting a factory where steel castings will be manufactured. Best announced that the entire plant would cost approximately \$40,000, a percentage of which would be advanced by the city in return for the benefits to be derived.

Best stated that about six hundred men will be employed and that the main building will be 110 feet in length. The mill will be controlled by the steel company and be used for nothing save the manufacture of steel castings. The present factory at Elmhurst will not be discontinued and will be used for the manufacture of iron products.

The company has been looking for a number of months for a satisfactory site and at one time considered building in Oakland, but centered upon San Leandro definitely this week, negotiations being concluded today.

Passenger Agents of S. P. to Meet

Southern Pacific passenger agents from all parts of the state will gather tomorrow at the Hotel Oakland to discuss new methods in handling traffic matters, the meeting to be in the nature of a mammoth "get-together" conference. Local arrangements for the session are being made by L. Richardson, Oakland district manager. Delegates from New Mexico will also attend the conference, and several prominent railroad men will be among the speakers.

Irish Parliament to Be Set Up at Once

LONDON, June 2.—The Evening Standard makes the statement that a basis of agreement has been arrived at for settlement of the Irish question and that the proposed Irish Parliament will set up immediately, later being excluded. The Parliament, the newspaper says, will be made up of the present Irish representatives in the British Parliament,

CLONDBURST IS CAUSE OF TWO TRAIN WRECKS

MARSHALLTOWN, Ia., June 2.—A special dispatch to a local newspaper from the scene of the Chicago, Rock Island & Pacific wreck at Packard, Ia., states that possibly a score of passengers lost their lives when the passenger train plunged through the bridge. It was stated that the toll will total at least fifteen.

The bodies of two women were taken from the wreck at 9 o'clock. One was identified as Mrs. Emma Von Vliet, of Traer, Ia. The other was not identified.

The wreck was due to high water which had undermined the bridge supports. The engine plunged into the creek, carrying with it the baggage car, smoker and day coach. The bodies were recovered from the day coach and the missing were riding in the smoker, and it is feared were drowned.

When the train turned over many of the passengers succeeded in breaking the windows of the coaches and were belted to be dead, either by

TITANIC COMBAT ESTABLISHES RECORD FOR NAVAL WARFARE

Approximately Eight Thousand Men and Vessels Totalling Tonnage of 155,000 Sacrificed by Both of Contestants in Less Than 24 Hours

SMALL CRAFT DESTROYED

Virtually Every Type of Fighting Vessel Engaged in Struggle That Lasted From Early Dawn of May 31 Until Late in the Night of the Same Tragic Day

NEW YORK, June 2.—The British and German high seas fleets clashed in the biggest naval engagement of the war on Wednesday, May 31. The engagement, starting in the daytime, continued throughout the night.

Nine British warships, a submarine and numerous small British vessels were sunk, according to a German admiralty statement received here, via the Sayville wireless this afternoon.

The German reports admit the loss of two German warships and a possibility of a third with a torpedo boat unaccounted for.

The German statement was issued following the return to its base of the German high seas fleet.

No report has come from British sources.

The scene of the engagement—the greatest sea fight of the great war—was between Skagerack and Horn Riff, in the channel connecting the North and Baltic Seas.

German estimates of British losses are apparently based on reports of British sailors picked up by German ships.

An intimation of the probable extent of the British losses is contained in the statement that only two survivors of the great battle cruiser Indefatigable were rescued by the Germans.

Great British Vessels Lost

The greatest British ships reported lost are the battleship Warspite and the battle cruisers Queen Mary, Indefatigable and Invincible.

The heaviest German losses were the battleship Pommern, a pre-dreadnaught of the Deutschland type, the cruiser Wiesbaden and the protected cruiser Frauenlob, the latter reported missing.

The Germans make no estimate of the number of their torpedo boats lost. Their estimate of the British losses, in small craft, is covered by the phrase "a large number."

From the fact that the engagement took place on Wednesday, it is obvious that the British fleet has had full opportunity to reach its base. That no report has been made by the British admiralty and that the Germans were permitted to give the world the first news of the battle is regarded as significant.

The admiralty statement under date of June 1 said: "During an enterprise directed northward our high seas fleet on May 31 encountered the main part of the English fighting fleet, which was considerably superior to our forces. During the afternoon, between Skagerack and Horn Riffal, news of a heavy engagement developed which was successful for us and continued also during the night."

"In this engagement, as far as known until now, we destroyed the large battleship Warspite, the battle cruisers Queen Mary and Indefatigable, two armored cruisers apparently of the Achilles type, one small cruiser, new flagships of the destroyers Turbant and Nestore, and Alcaster, a number of torpedo destroyers and one submarine."

Battle Rages 24 Hours

"From observation, which was free and clear of any obstruction, it was stated that a large number of British battleships suffered heavy damage from the fire of our ships and the attacks of our torpedo boat flotillas during an engagement which lasted during the entire day and all night."

"Among others of the large British ships, the battleship Marlborough was hit by a torpedo. This is confirmed by prisoners."

"Several of our ships rescued parts of the crew of the sunken British ships. Among those rescued were two survivors of the Indefatigable."

"Among our loss was the small cruiser Wiesbaden, which was sunk by British gunfire during the day's engagement and his majesty's ship, Pommern, which was sunk during the night engagement by a British torpedo boat."

"The fate of his majesty's ship Frauenlob is as yet undetermined and there is a possibility that the boat has been lost, together with a number of torpedo boats which have not yet reported and whose fate is unknown."

"The high seas fleet returned to its base today."

The Skagerack is a broad arm of the North Sea, between Norway and Jutland. It is 150 miles long and eighty miles wide. With Cattegat, the sound and the Great and Little Belts, it constitutes the channel connecting the North and Baltic Seas.

The Warspite was a dreadnaught of 27,500 tons was 650 feet long, 94 feet beam and had a draught of 27 1/2 feet. She carried eight 15-inch guns, sixteen 6-inch guns, twelve anti-aircraft guns and four torpedo tubes. She was built in 1912 at a cost of \$2,500,000 pounds. She carried 1500 officers and men.

Battle Cruisers Destroyed
The Queen Mary was a battle cruiser of 27,000 tons, 725 feet long, 87 feet beam. Her armament, eight 18-inch guns, sixteen 4-inch guns and three torpedo tubes. She had a speed of twenty-seven knots. The Queen Mary carried 1000 officers and men. The cruiser Indefatigable was 580 feet long. Her armament

BRITISH LOSE NINE WARSHIPS, DIVERS, AND SMALLER CRAFT

(Continued From Page 1)

was eight 12-inch guns, sixteen 4-inch guns and three torpedo tubes. She carried 800 officers and men. She was built at a cost of 1,500,000 pounds.

The Achilles was a cruiser of 13,550 tons, 480 feet long. Her armament was six 9-inch guns, four 7-inch guns, twenty four-pounders, four maxims, one twelve-pounder and three torpedo tubes. She carried 704 officers and men. She was built in 1905 at a cost of 1,180,000 pounds.

The Pommer (German) was a pre-dreadnaught of the Deutschland class. She was of 13,200 tons and 480 feet long. Her armament was four 11-inch guns, fourteen 6-inch guns, twenty twenty-four-pounders, four one-pounders, four machine guns and six torpedo tubes. She carried a crew of 729.

The British battle cruiser Invincible was of 17,250 tons and 562 feet long. Her armament was eight twelve-inch guns, sixteen four-inch guns and three torpedo tubes. The Invincible carried 756 officers and men and cost to build 1,750,000 pounds.

The Fortune was a British destroyer of the K class of 950 tons. She was 266 feet long. Her armament was three four-inch guns and four torpedo tubes. She carried 100 officers and men.

The Sparrowhawk and the Ardent were of the same specifications as the Fortune. The destroyers Tipperary and Turbulent are not registered.

The Lowestoft type of cruiser, possibly a type of small cruiser sunk, is 5500 tons and 450 feet long. The armament is nine six-inch guns, four three-pounders and two torpedo tubes.

DREADNAUGHT TORPEDOED.

The Marlborough, reported hit by a torpedo, is a dreadnaught of 26,400 tons. Her armament is ten thirteen-inch guns, twelve six-inchers, four three-pounders and four torpedo tubes. She carried 1000 officers and men and was built at a cost of 2,000,000 pounds.

The Frauenton (German) was a cruiser of 2115 tons and 328 feet long. Her armament was ten four-inch guns, ten one-pounders, four machine guns and two torpedo tubes. She carried 284 officers and men. The Frauenton was built in 1903 at a cost of 600,000 pounds.

The Wiesbaden (German) is not registered in available naval lists. She is probably of recent construction.

The Warrior was a British cruiser of 13,660 tons and was 480 feet long. Her armament was six nine-inch guns, four seven-inch guns, twenty-four three-pounders, four maxims, one twelve-pound field gun and three torpedo tubes. She carried 704 officers and men and was built at a cost of 1,180,000 pounds.

The exact number of enemy destroyers sunk," said the admiral's report, "was unascertainable, but was undoubtedly large."

The British admiral admits that six other destroyers in addition to the list announced as lost are unaccounted for.

"The German fleet was greatly aided," the admiral's statement said, "by its low visibility. It avoided a prolonged action and accomplished its results by a quick thrust and withdrawal."

"The main British forces have returned to port."

The admiral's statement adds that the Warrior, a 13,550-ton cruiser, carrying 704 men, was disabled and later abandoned. An attempt was made to tow her back to British waters, but the vessel was too badly

GERMANS MAKING GAINS AT VERDUN

PARIS, June 2.—By a violent infantry attack the French troops progressed 100 meters into the German trenches south of Caurette woods, the official communiqué announced today. A German attack between Caurette wood and Cumieres was checked by curtain fire.

On the right bank of the Meuse an extremely violent battle went on all day from Thiaumont farm to Vaux. South-east of Douaumont fort the Germans penetrated into the southern part of Callette wood and also made progress on the shore of Vaux pond. It was admitted. At all other points along the line the Germans were repulsed with heavy losses. Douaumont, already subjected to the explosions of thousands of shells was again under fierce artillery fire.

The resources of the Germans seem in no way exhausted by the terrible struggle of the past few days west of the river, for they delivered a blow equal in power to any previous effort. Anticipating the attack, the French command massed reserves, well provided with machine guns, at convenient points in the rear, leaving only sufficient men in the shell swept front trenches to stave off the first onslaught.

As soon as the infantry attack developed, the reserves rushed forward and established themselves in the wrecked trenches and the holes made by the shells. The fighting was as desperate as that of the previous day on the other bank of the river, and continued all day. Wave on wave of Germans dashed forward, only to meet before the fire of the machine guns.

The tide of battle ebbed and flowed, but in the afternoon the Germans succeeded in winning back part of the ground captured by the French in the great surprise attack on Douaumont and counter attacks so far have failed to dislodge them.

The title of battle ebbed and flowed, but in the afternoon the Germans succeeded in winning back part of the ground captured by the French in the great surprise attack on Douaumont and counter attacks so far have failed to dislodge them.

CONFERENCE CALLED TO ADJUST FINANCES

Public Ownership or Receivership of O. T., Is Alternative

(Continued From Page 1)

are negotiated for periods of forty-year bonds, the security is constantly decreasing, and the bond redemption scheme could be worked out, leaving the holder of the bond mortgage with a security that is constantly evaporating.

The company is the owner, by consolidation, of the properties and franchises of the Oakland, San Leandro & Hayward Railway Company, the Alameda, Oakland & Piedmont Electric Railway Company, the Twenty-third Avenue Railway Company, Oakland Transit Company, Oakland Traction Company, San Francisco and East Shore & Suburban Railway Company. In 1914 these various companies had outstanding bond obligations as follows:

Oakland, San Leandro & Hayward, \$250,000; Alameda, Oakland & Hayward, \$250,000; Twenty-third Avenue, \$250,000; Oakland Transit (first mortgage \$5), \$1,121,000; Oakland Transit (first consolidated \$5), \$1,595,000; Oakland Transit Co. (first consolidated \$5), \$1,202,000; Oakland Traction Co. (gen. con. mtg. \$5), \$2,134,000; Oakland Traction Co. (gen. con. mtg. \$5), \$3,177,000; Oakland Traction Co. (equipment \$5), \$128,000; San Francisco, Oakland & San Jose Railway (second mtg. \$5), \$1,500,000; San Francisco, Oakland & San Jose Railway Co., \$1,587,000; San Francisco, Oakland & San Jose Railway Co. (pledged), \$1,412,000; East Shore & Suburban Railway (first mtg. \$5), \$665,000.

RESERVE TIED UP.

Within these various underlying issues is a large deposit in reserve of bonds held to secure other underlying debts and the whole scheme of the redemption of the bonds is complicated by the fact that the company is the owner, by consolidation, of the properties and franchises of the Oakland, San Leandro & Hayward Railway Company, the Alameda, Oakland & Piedmont Electric Railway Company, the Twenty-third Avenue Railway Company, Oakland Transit Company, Oakland Traction Company, San Francisco and East Shore & Suburban Railway Company. In 1914 these various companies had outstanding bond obligations as follows:

CLOUDBURST CAUSE OF TRAIN WRECKS

(Continued From Page 1)

crawling on to the sides of the cars. They were taken off by rescuers in boats.

PONTIAC, Ill., June 2.—Twenty persons were injured, one seriously, when the midnight special, the Washburn railroad's fast mail train, Chicago to St. Louis, was blown from the tracks one mile south of Sauerbush early today, in one of the most severe windstorms that has visited Central Illinois in years.

The wreck occurred in a deep cut which kept the cars from overturning and prevented more serious injuries to passengers. The engine, baggage car and four coaches were blown from the track. The baggage car was literally torn to pieces. One woman was thrown through the window of a coach for a distance of twenty feet.

The injured were taken to Forrest Hills in a special train rushed from Decatur.

LA CROSSE, Wis., June 2.—Several persons are reported killed at North McGregor, Ia., and great property damage done in a tornado that struck that village and Prairie du Chien, across the Mississippi river last night. Wires are down from La Crosse and railroad communication is interrupted.

CLOUDBURST DISASTROUS.

Reports reaching here, as yet unconfirmed, were that the storm was accompanied by a cloudburst and that a number of persons were drowned. All railroad communication is interrupted by washouts on both sides of the Mississippi river and all wires are down. Railroad and telephone companies are trying to re-establish communication from La Crosse. Wrecking crews left La Crosse early today for the scene of the storm.

BRIDGES GO OUT.

DECORAH, Ia., June 2.—About \$25,000 damage was done by a severe rain and wind storm here last night. Two bridges over the Upper Iowa river in this city, two bridges near here on the Milwaukee line and another on the Rock Island, about two miles from here, were washed away. Traffic over these lines probably will not be resumed for over a week.

New Features in Millinery

We are meeting the shifting demands for Millinery with the new things as fast as they are developed. We mention two features today:

Trimmed Hats \$5.00

New mid-season ideas. Sailor shapes with Milan hemp crowns and French crepe extension brims. Trimmed with large, flat roses, wings and fancy Gaura novelties. They are up-to-date in every detail and certainly great values at—\$5.00. See them Saturday.

White Shapes \$1.95

Everybody wants a white sailor now. We have plenty of them at this special price. They are made of Milan hemp—all white or white with black Lesire edge. We bought them on a liberal discount basis and priced them accordingly.

Free Trimming Service

We trim hats without charge if shape and materials are purchased here. Prompt and artistic service.

A Sale of Coats for Girls

Every One New **\$3.95** Ages 2 to 14

A special discount purchase which means a saving opportunity for several hundred mothers. You would consider them splendid at a much higher price. You will certainly enthuse over them at \$3.95.

Scores of the latest styles in bright and youthful colors. An attempt at describing them here would be folly, because of the many little details which make them what they are—the most attractive lot of coats ever shown at the price in Oakland. The materials are Corduroy, Silk Poplin, Moire and Serge.

Sizes 2 to 6—Fourth Floor. Sizes 8 to 14—Third Floor.

Dresses for Girls \$1.95 (For ages up to 14)

A splendid group of new models—some in stripes and plaids; some made of chambray with stripe waists; some middie styles in white and colors. The special price means that you can save a lot of home sewing and not pay more than you have planned for the daughter's dress.

New Fiber Silk Sweaters

For Women and Misses **\$4.95**

A collection of the newest styles—belted and sash effects. A good assortment in plain colors and two-tone effects. We are quite sure that you can't find better sweaters for the money.

JUNE 14 WILL BE PREPAREDNESS DAY

Los Angeles Parade Expected
to Include 25,000
Marchers.

LOS ANGELES, June 2.—Los Angeles will hold its preparedness parade June 14—"Preparedness Day"—it was announced here today.

Committee chairmen have been appointed and sub-committees are being organized under direction of the executive body in charge of the parade.

At least 25,000 persons are expected to appear in the preparedness demonstration. The committee hopes to have 50,000 in line.

200,000 IN CHICAGO RANKS.

CHICAGO, June 2.—Chicago and a number of neighboring cities which will hold the great parade here Saturday completed preparations today for the Middle West's demonstration to urge the necessity of adequate preparedness. The first divisions will

Officers of S. F. Vessel Finally Reach N. Y.

NEW YORK, June 2.—Three of the officers of the Norwegian steamship Edna, which was seized by the British government near Antofagasta, Chile, January 7, condemned by a British prize court and taken to the Falkland Islands, arrived here today on board the steamer Vestra from Montevideo. The Edna was owned by a San Francisco firm and was engaged in the Chilean nitrate trade.

ANGELERS ARM FOR WILDCATS.

LOCK HAVEN, Pa., June 2.—Wildcats are frightening trout fishers in Wayne township, Clinton county, and when they visit the streams in that section they now go armed. William H. Merly of Wayne started out recently for McElhattan Run, a short distance from his home. He encountered three wildcats along the stream. He made a hasty retreat to his home and returned with his rifle. Two of the cats had disappeared, but he killed the third.

form at 9 o'clock and from that time until 9 o'clock at night or later it is expected a steady stream of marchers will wind through the streets of the downtown section. Reservations made for positions in the parade indicate fully 200,000 persons will be present.

Police Raid Alleged Den; Five Arrested

SAN FRANCISCO, June 2.—An alleged opium den conducted by a woman in the exclusive hotel district, was raided this morning by Lieutenant Cogan who broke into a room at 342 Sutter street, with a posse of officers and arrested five persons. Bessie Clark was booked as keeper and the visitors charged were Miss Rose Martin, Abe Silverstein, Emil Wilbur and Charles Cohen.

Saturday is Children's Day

Now is the time to buy new Summer Coats for Children

Spring-like and dainty, they are of the first choosing from the New York stock and absolutely new on the Pacific Coast.

There are coats to mention in plain serges, mixed materials, gabardines, poplins and silks, which come in the solid colors—black, brown, navy, reseda, rose, Copenhagen blue, green. There are dainty tulletrains in green and blue, with dainty embroidered Georgette crepe and corded silk collars and cuffs; belted or high-waisted styles, with a chic little ruffle outlining the yoke. There are smart little reefer coats made of the dark blue serge combinations are made with belted backs, or with circular skirts and full belts.

Sizes 2 to 8 years—\$3.50, \$5.00, \$5.75 to \$12.00.

Coats for Junior Misses

Coats as good as gold for girls from 8 to 14 years. These charming outdoors garments come in large black-and-white checks, with green or red collars; also in fancy green or rose checks, with flap pockets; corduroy Sport Coats, serges and gabardines of all colors. Priced at \$6.50, \$7.50, \$8.50 to \$12.00.

Pique Hats for the Little Tots

They are made with detachable crowns for laundering, in all-white, or white with crowns and brims daintily embroidered in pink or blue with ribbon trimmings to match. Priced at 85c, 85c, \$1.00, \$1.25 to \$1.75.

Fancy Crepe and Straw Hats

Some are fancy crepe and straw hats cunningly trimmed with ribbon and flowers; others are in fancy straw with dainty silk trimmings. Come in light pink, light blue, Copenhagen, white, rose, navy, brown. Various priced—\$1.75, \$2.25, \$2.50 to \$15.00.

Children's Trimmed Milans

In all the newest shapes, with dear little velvet ribbon bows and flowers. The colors are mulge, sand colored, navy, brown and black, with trimmings of pretty contrasting colors. Prices—\$2.25, \$2.50, \$3.50 to \$5.00.

Plain Tailored Hats for Children

A charming assortment of Milans, Panamas and Straws in white, navy and black, trimmed with plain tailored bows. Priced at \$1.00, \$1.75, \$2.50 to \$4.25.

GALOMEL ISN'T SOLD HERE NOW

Nasty Drug Salivates, Makes
You Sick and You Lose a
Day's Work.

Every druggist in town—your druggist and every other druggist has noticed a great falling off in the sale of Galomel. They all give the same reason. Dodson's Liver Tonic is taking its place.

"Galomel is dangerous and people know it," says the druggist. "It is perfectly safe and gives better results." Dodson's Liver Tonic is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and it is said to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tonic is a pleasant, pure, vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach, or constipated bowels. It doesn't gripe or cause inconvenience all the next day like Galomel. Take a dose of Galomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tonic instead and feel fine, full of vigor and ambition. Advertisement.

SUFFRAGE, PEACE AND WILSON, TOPIC

Suffrage, peace and President Wilson were the subjects of several brief speeches made yesterday at a luncheon held by the Woman's Democratic Club of Alameda County as a send-off to Mrs. Edgar L. Ormsby, W. B. Bunker and Robert Fitzgerald, delegates to the national Democratic convention at St. Louis.

Mrs. Ormsby, who was congratulated by Miss Mary Lambert, Piedmont post, for being sent from the West to aid the East, described the work she meant to do at the Chicago and St. Louis conventions for The Tribune and how she intended specifically to transmit her impressions to Oakland from the "woman's point of view."

"I will give every possible aid to women," she added, "and I wish the Democratic men—especially those from suffrage states—to assist in getting out-rage planks into their platform. Success has already been declared for woman suffrage for the Progressive party; it looks as though there would be such a plank in the Republican platform. The Democrats cannot afford to be behind the others."

Robert Fitzgerald warned Democrats "not to change horses in the middle of the stream" and praised Wilson's administration. W. B. Bunker also expressed himself as favoring the present President. A prayer for peace in Europe was said by Mrs. Cameron Benjamin, and a short speech was made by Miss Anita Whitney for woman suffrage. Other special guests were J. J. McDonald, chairman of the Democratic county central committee; Mrs. A. P. Smith, Mrs. L. H. Montgomery, H. J. Gallagher of Berkeley and De Lancer Smith.

Austrian Society to Hold Ball This Evening

The Austrian Military and Benevolent Society will hold a ball in Moose hall, Twelfth and Clay streets, tomorrow evening, when two flags, American and Austrian, presented to the organization, will be christened.

A novel contest in connection with the flag was promoted by the society. Young women carried on a fund-raising campaign, the contestant who obtained the largest sum to be queen of the ball and to present the flag. Miss Frances Padavan attained this honor, bringing in \$72.50 and winning \$73.50 votes. Miss Jennie Lepurich was her nearest rival with \$54.50 to her credit, winning her to \$25.00 votes. Others who brought in large sums and received a correspondingly large vote were Miss P. Muhobiele, Miss Kluna, Miss Vranich, Miss Felchle, Miss Mastrovich and Mrs. Zull.

Diggs Fined for Forgetting Ordinance

Maury I. Diggs, who was associated with Drew Cammett as a defendant in a sensational prosecution under the Mann law, was fined \$25 by Judge T. W. Harris for failing to appear in court today charged with violating the ordinance which forbids the leaving of autos for more than forty minutes in the restricted zone. Diggs was fined \$2 by Judge George Soule for similar sentences were imposed on the others arrested. The auto owners were taken into custody at the request of merchants, who objected to having their places of business harassed from the street by automobiles.

BUGLE CALLS, GIRL RECRUITS ANSWER

While the wind blew chill from the ocean at an early hour today, a bugle sang "I Can't Get on My Feet" in the east cannon barracks at the Presidio, and a crowd of girls arose, tumbled into their blouses, boots and sombreroes, and arrayed themselves for morning inspection.

Thus began the first day's work of the young ladies who have undertaken to learn the rudiments of Red Cross nursing under the direction of the San Francisco national training service school, a branch of the Navy League. After breakfast they were lectured to about wounds, shown how to make and use bandages, instructed in the art of first aid, and then drilled like real soldiers for hours.

The school was launched yesterday afternoon with all the ceremony such an innovation in the country's enterprises and a feminine victory could have demanded. The sixty young women who had enrolled for the first course appeared in carefully cut khaki uniforms, lined in equal order about the flagpole to listen to the invocation spoken by Chaplain C. G. Wright. The American flag was lowered and up over the heads of the recruits, above a squad of California Grays and Army and Navy officers floated the flag of the San Francisco chapter of the Woman's Section of the Navy League.

DEMOCRATIC MOVEMENT.
It was the first democratic movement in which many of the rookies had ever taken part. Many young society girls and women from both sides of the bay are going through their day's work in the barracks. So are groups of shop girls, a few of the stage struck who like the uniforms and others who merely want to be ready to assist in the hospitals should war ever invade the country.

Yesterday this gathering was addressed in behalf of the Navy by Captain Philip Andrews of the Yerba Buena Training Station, and by a number of other representatives including Captain R. L. Hill, Dr. J. H. Hinkle, Miss Ellen Murphy and Miss Lucy Keenan. Miss Sophie Rutley is supervisor of the encampment where the enterprising young women are being well chaperoned. Dr. George H. Richardson and Dr. C. Elmer Hyde are in charge of the first aid work that includes lectures on various diseases and prevention.

Special subjects will be taught by Colonel Guy Edle of the army medical corps and his assistants. The recruits are even sounding bugle calls for mess alone and through sixty states yesterday, by the end of the week at least 100 will be on hand, and still more are due next week.

FROM WHOLE STATE.
The thanks of the Woman's Section was extended by Mrs. F. H. Colburn, its president, who expressed its admiration of the perfect arrangements made by the officials for the reception of the students, and who also urged the recruits to strive for honors in their novel new careers of two weeks' length.

There are girls from all over California and a few from other states now answering reveille at 6:30 o'clock in the morning and turning out at 7 o'clock in the afternoon.

During the morning they are learning the American Red Cross First Aid technique and during the afternoon most of them today were studying semaphore and wif-wagging under the instruction of signal corps men. For four hours today they marched in the streets and late this afternoon crowds of curious visitors were on hand to see how the first day of strenuous life had gone.

Tomorrow a long tramp is on the program—and so every day thereafter will the students exercise vigorously.

NURSING SERVICE.
The Red Cross nursing service is supervised by Dr. C. Elmer Hyde and will be taught with the assistance of Miss Julia Hinkle, Miss Ellen Murphy and Mrs. Lucy Keenan. Miss Sophie Rutley is supervisor of the encampment where the enterprising young women are being well chaperoned. Dr. George H. Richardson and Dr. C. Elmer Hyde are in charge of the first aid work that includes lectures on various diseases and prevention.

Special subjects will be taught by Colonel Guy Edle of the army medical corps and his assistants. The recruits are even sounding bugle calls for mess alone and through sixty states yesterday, by the end of the week at least 100 will be on hand, and still more are due next week.

QUARREL OVER RECALL CANDIDATE

While the Superior Court is non-dancing over the various legal phases of the Dr. Jackson recall case, and the City Council is awaiting the court decision, members of the Taxpayers' League and others of the recall camp are quarreling as to the selection of a candidate to oppose the commissioner in the event the election is called.

Men and women who disapprove of the choice of Edwin Meese by members of the Taxpayers' League as its candidate will hold a meeting of their own at 8 o'clock this evening in the law offices of James P. Montgomery. There is much secrecy about all.

In the meantime the City Council is awaiting the action of the Superior Court in the matter of Charles A. Boardley's request for a writ of review. Dr. Jackson is confident that a writ of review will be granted and that he will win. His contention is that the signature of the recall petition is invalid because forty-five blanks were found in the list originally filed on April 22. This technical error will, if proven, he says, invalidate the supplemental list, and the cause of those behind the recall will be lost.

It became known today that Meese, the former councilman and city treasurer, has been officially endorsed by the Taxpayers' League.

Dr. Mabel C. Anthony, who is responsible for the Jackson recall, is said to have broken relations with the Taxpayers' League.

Aged Man Drowned in Tide Near Boathouse

SAN FRANCISCO, June 2.—Receding tide early this morning revealed on the mud flats near his little boathouse the body of George Lee, 87 year old, who stumbled to his death at a late hour last night. It was in this same boathouse a week ago that a suspected Russian anarchist, supposed to be Vladimir Osokin, held the police at bay for an hour after he had slain Sergeant John J. Moriarty, who attempted to arrest him.

Last night, it is supposed, Lee, fell from the gang-plank on his ark and was drowned. Today one of his employees, George De Pilser, rescued the body as the tide went out.

DIVORCE REFUSED.
On the grounds that the evidence presented was not sufficient, Superior Judge T. W. Harris has denied the petition of Arthur S. Trousdale, a Berkeley salesman, for a divorce from Mary A. Trousdale. The plaintiff alleged that his wife preferred the attentions of a man named John.

TAKING BIG CHANCES.
It is a great risk to travel without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as this preparation cannot be obtained on the trails or in the wilderness. Attacks of bowel complaint are often sudden and very severe, and you should always have a remedy for them. For the 10-cent bottle, trust stores.

DANCING GIRL SEEKS DEATH.

SAN FRANCISCO, June 2.—Tired of the night life, Vivian Fuller, a

dance hall girl employed by the Queen, 580 Pacific street, attempted suicide as the bright lights were

turned low early this morning by turning on the gas. She will probably recover.

TAXICAB INJURES MERCHANT. 1315 Clay street, was run over by a SAN FRANCISCO, June 2.—John taxicab in front of the Palace hotel Harris, a commission merchant of this morning.

Big Savings at Bowman's Vacation Sale

These Annual Vacation Sales are now so well known that the mere announcement of the fact crowds the store. This year's sale is most remarkable because of the fact that the usual reductions have been made in spite of a rising market caused by the war.

It is needless to say to our friends that these reductions are bonafide, but to strangers this assurance is given.

BABY CONFERENCE AT HOTEL OAKLAND

Babies of Oakland, Berkeley and Alameda have been asked to attend a baby conference on Thursday afternoon, June 2, at the Hotel Oakland. The baby conference is the feature of the afternoon program of the fourteenth annual three-day convention of the California State Osteopathic Association. This special afternoon session will be devoted to the problems of motherhood and "better babies," and will be under the auspices of the Women's Osteopathic Club, an auxiliary of the national Osteopathic Association. All speakers at this session will be women physicians and a general invitation has been extended to the mothers of Alameda county to attend. Babies entering the conference must be between the ages of 6 months and five years. Each will be examined physically and mentally by physicians, the results of their findings being entered upon individual score cards. Special attention will be paid to bone formation and to the spine. This conference will be held for the purpose of determining the percentage of 100 per cent perfect babies in Alameda county. It is expected that 600 delegates will be in attendance from various parts of California.

WILL BUY SMART SUITS ON CREDIT TOMORROW

Cherry's Will Credit You.

He's a man on a salary—a model—no salary, too. However, this man never puts off the purchase of a new suit when he needs one. He realizes, wisely, that to wear shabby clothes is no more profitable than it is pleasant.

On see, trading at CHERRY'S, as he does, he is able to go up to that splendid, big store tomorrow and get fitted in a natty suit without paying as much as half or even a third of the price down.

And this man is by no means the only one who has the privilege of buying clothes on CHERRY'S INSTALLMENT SYSTEM. Any honest man can do the same, and hundreds DO use their credit at CHERRY'S right along, keeping smartly attired at small expense.

Perhaps it isn't easy for you to get away during the day on Saturday. In that case, you'll be glad to know that CHERRY'S CREDIT CLOTHING SHOP keeps open every Saturday evening until 10 o'clock. The address is 518 13th street, in the new shop 518 13th. The San Francisco stores are at 2400 Mission Cor. 20th, and 1000 Market, at 6th. Stores also in Tacoma, Portland, Los Angeles, Sacramento.—Advt.

Try this easy way to heal your skin with Resinol

If you are suffering from eczema, ringworm or similar itching, red, unsightly skin affection, bathe the sore places with Resinol Soap and hot water, then gently apply a little Resinol Ointment. You will probably be astonished how promptly the itching stops and healing begins. In most cases the sick skin quickly becomes clear and healthy again, at very little cost.

Resinol Ointment and Resinol Soap are sold by all druggists, or by direct order. Trial fee, Dept. 18-R, Keokuk, Baltimore.

HOW TO REDUCE YOUR WEIGHT

A SIMPLE, SAFE, RELIABLE WAY.

People who are overburdened with superfluous fat, know only too well the discomfort and ridicule that over-stout people have to bear.

If you are carrying around five or ten pounds of unwholesome fat you are unnecessarily weakening your vital organs and are carrying a burden which deserves the name of your figure.

There is no need of anyone suffering from superfluous fat. If you want to reduce your weight in a simple, safe and reliable way, without starvation diet or tireless exercise, here is a test worth trying. Spend as much time as you can in the open air, breathe deeply and get from Drug Dept. at Kahn's, Broadway, San Pablo and Sixteenth streets, or any good druggist a box of oil of korein capsules; take one after each meal and one before retiring at night.

Weigh yourself once a week so as to know just how fast you are losing weight and don't leave off the treatment or even skip a single dose until you are down to normal. Oil of korein is absolutely harmless, is pleasant to take, helps digestion, cures a few days' treatment has been reported to show a noticeable reduction in weight. Feet become lighter, the body becomes buoyant, feeling takes possession of your whole being. Every person who suffers from superfluous fat should give this treatment a trial.—Advertisement.

MAYR'S WONDERFUL REMEDY FOR STOMACH TROUBLE

Thousands of Stomach Sufferers are getting complete recovery to Mayr's Wonderful Remedy. Unlike any other for Stomach Ailments. For sale by Osgood's Drug Store and druggists everywhere.

WILSON SURPRISES GRADUATING CLASS

ANNAPOLIS, Md., June 2.—President Wilson unexpectedly made an address to the Naval Academy graduates at the commencement exercises here today, declaring that great responsibilities rest on the naval officers of the United States. He had just received word that a young man, a particular interest in this year's class because it saw him "get into trouble" at his inauguration three years ago.

The President declared that he gained a liberal education in the White House. He said that discipline in the academy must be strict, because "you are more than college boys; you are officers of the United States," and any laxity of duty cannot be forgiven. There might come a time, he added, when a sixty-hour duty might change the world's history.

LIBERAL EXPERIENCE. "I have thought that there was one interesting bond that united us. You were at Washington three years ago and saw me get into trouble, and I am glad to see the beginning of your trouble. Your trouble will last longer than mine, but I doubt if it will be any more interesting. But what I want to say to you, young gentlemen, is this: 'I can illustrate it in this way. I have a white whale which comes here or at West Point have forgotten themselves and have done something that they ought not to do and were about to be disciplined. I have never for I have been appealed to by their friends to excuse them from the penalty. Knowing that I have spent much time at a college, they commonly say to me 'You know college boys. You know what they are. They are harmless youngsters very often and they ought not to be held up to the same standards of responsibility that older men submit to.'"

And I have always replied: 'Yes, I know college boys, but with these youngsters are college boys they are something more. They are officers of the United States.'"

You cannot forget your duty for a moment, because there might come a time when that weak spot in you should affect you in the midst of a great engagement and then you would regret that the world might be changed by what you did not do or did wrong."

WILL FOLLOW CAREERS. "I want you to know, gentlemen, it is in any satisfaction to you, that I shall personally follow your careers in the days that are ahead of you. I wish you to be interested. I wish you, Godspeed and remind you that yours is the honor of the United States."

Prior to the President's address and the presentation of their diplomas, the graduates were addressed by Secretary of the Navy, Daniel.

The President gave each of the 173 graduates his diploma and shook hands with them, expressing his warmest congratulations. He particularly praised the ten ranking members of the class. The President and his cabinet members were seated in the lower class men with interest. He laughed as they ran from the hall and marched singing and yelling about the grounds.

20,000 CARRANZA TROOPS MOBILIZED

WASHINGTON, June 2.—Major General Harrison reported today that about 20,000 Carranza troops mobilized in the vicinity of Chihuahua City were being disposed apparently for an active campaign against the forces of General Huerta, extending 50 miles from Matamoros to Ojinaca. He feels no uneasiness over their movements. Secretary Baker said, General Trevino, commanding the Chihuahua City forces, has given orders that all foreigners be treated with consideration and that any soldiers guilty of molesting an American or other foreigner shall be summarily dealt with.

The distribution of Carranza forces is given by General Trevino as follows: Four thousand infantry at Chihuahua City, 2000 at Ojinaca, 2000 south of Chihuahua City, 5000 in the vicinity of Matamoros and the remainder divided into smaller commands, being disposed over the territory described and into the Big Bend country.

Secretary Baker said General Trevino had secured reliable information concerning the Carranza troops and found no entrenchments or barb wire entanglements constructed.

DEMOCRATIC CHIEFS GO IN CONFERENCE

ST. LOUIS, June 2.—The subcommittee on the Democratic National Convention went into session today at the Hotel Jefferson with Chairman McCombs of the national committee in charge.

Just before the session was called to order it was learned further efforts will be made to have Speaker Clark of the House act as temporary chairman and keynoter of the convention.

McCormack said none of the temporary chairmen of the convention would be selected until the session of the committee at the Hotel Jefferson tonight.

Extraordinary Money Saving Opportunity At The Pacific This Month

VALUES THAT YOU CANNOT DUPLICATE ANYWHERE

SUITS

\$9.75 **\$12.50** **\$14.50**

Only 51 of these suits at this price—mostly one of a kind. Every one a high-grade model. Former prices to \$22.50.

You will find black and white checks in flare coats, also best coats in green, blue, poplins, some silk and taffeta trimmed; also plainer models in women's and misses' sizes.

Among these suits are blue, tan, black, green and checks, in the new flare and belted coats; also combination of silk and wool and many other styles too numerous to mention.

COATS

\$4.95 **\$6.95** **\$9.75**

Corduroys in a dozen different shades and black and white check sport coats; also 3/4 length gray mixed flare coats.

Blue, brown and gray mixtures in the new loose flare coats. Every one a remarkable value. All sizes for women and misses.

Press color, style and material—for auto, traveling, evening and street—flare, belted, 3/4 length and full-length coats. Every one a clever model that you would expect to pay \$15 for.

DRESSES

\$4.95 **\$7.45** **\$9.75**

Silk poplins, serges and checks in a great variety of new spring dresses; a reg. \$7.50 value. The shades are blue, green, brown and rose. All sizes.

AMERICAN SEIZED AS GERMAN SPY

Sailor Thrown Into Vancouver Prison; Soldiers Board Vessel.

SAN FRANCISCO, June 2.—Bellevue him to be a German spy, Ed Cordis, former cook on the steamship Republic and an American citizen, was seized by a squad of Canadian soldiers while the Republic was loading ammunition for the Russian government in Vancouver harbor on May 31. The squad boarded the ship and paying no heed to the words of Captain John Martin of the Republic, searched the belongings of Cordis from top to bottom.

He was taken to prison and there confined in company with fifteen other German prisoners of war. E. G. Johnson, the American vice-consul in Vancouver, visited him and Cordis told the story of how he had been born in America, of his service of three years in the American army and of his long merchant marine service and his residence in America.

Records of the local shipping commissioner showed his American birth status to be correct and also showed him to be 28 years of age with a record of 35 years on the sea. His certificate of discharge issued to him at Vancouver, B. C., gives his birthplace as Philadelphia, and the cause of his discharge as "taken from ship by Canadian military authorities."

His release was secured only after Consul Johnson had communicated with Washington. San Francisco and Philadelphia. He set sail for here at once on board the steamer J. B. Stearns, after public hearing before a magistrate after he had been placed under surveillance.

C. P. Crawford Hurt in Auto Accident

MODESTO, June 2.—C. P. Crawford, an automobile dealer of Oakland, narrowly escaped death Tuesday evening when his car turned turtle near Tracy. Three hoboes, whom he had picked up, were spilled out and one is now at the San Joaquin county hospital at French Camp, expected to die. Crawford received a fractured ankle. He was accompanied by Frank Bartels of Oakland, who was behind him when the accident happened. Bartels rendered all assistance in his power to the injured man.

OAKLAND TO ADOPT U. C. SCHOOL PLAN

Board of Education Agrees to Modify Rule of Appointments.

Adoption of a new list of teachers eligible for employment by the Oakland schools, known as the "teacher list," was the principal business of last evening's session of the Board of Education, when a large number of teachers, many from outside the city, were placed on the list. From this list the teachers needed during the coming term will be drawn at the discretion of Superintendent of Schools A. C. Barker.

The choosing of teachers next year will introduce, among other methods, a novel plan by which a number of graduates of the University of California will be appointed without professional experience as teachers, a procedure unprecedented in the history of the department. The standing rule is that no teacher may be chosen without two years' experience, usually in country schools. Under the new plan, a few university graduates will be given an equivalent of this experience in actual work in the Oakland schools at reduced salaries, these graduates to be recommended by President Benjamin Ide Wheeler. They would have received in country schools.

The plan was placed before the board some weeks ago by university authorities, and it is understood that Berkeley and several other cities will make the experience.

TEXT BOOKS ADOPTED. Text books, recommended by the advisory committee of teachers for the Oakland, Fremont and Technical high schools, were also adopted last night for English classes. No changes were made in last year's books.

The board met again last night in committee of the whole to consider how the schools may be best maintained if the threatened cut of the school budget by the Board of Supervisors is carried out. The abridgement, according to Superintendent Barker, will compel the abandonment of numerous plans for the improvement of schools. An estimate of the absolutely necessary work will be prepared for consideration next Thursday night.

MANY ON LISTS. Those who were placed on the preferred high school list are as follows:

English—Miss Lucette Farley, Ernest L. Ira, Miss Irene Alexander, Miss Anne Barrett, Miss Gertrude Berg, Miss Josephine Boring, Miss History—Elmer Shirell, Walter Case, Miss Mary P. Carroll.

Latin—Miss Helen Hill.

Mathematics—Miss Gwynn Page Anderson, S. Owen, Clinton C. Conrad, Miss Edna Jones, A. J. Forrester.

German—Mrs. Ida C. Parker, Miss Sophia Crutcher.

Music—Miss Peterson, A. C. Oliver, Miss Edith Rhett, Miss Edith Jones.

Commercial—Miss Louise Wise, A. J. Meyer, Karl McIlurray, Miss Sallie Becker, W. H. Howland.

Latin—Miss Anna Cox, Miss L. Lett Condit, Miss Anna M. Laird, Miss Esther Phillips.

Drawing—Miss Hattie Tobler, W. R. Yelland, Miss Clara Burnett, Miss Florence Kilham, Miss Margaret Reed.

Romance languages—Miss Anna Ford, substitute.

SEVENTH AND EIGHTH. For the seventh and eighth grades the following list was adopted:

French—Miss W. W. Dudley and Ernest Whitman.

General—Miss S. Florence Whitman, Robert Conway and Eugene Valley.

English and French—Miss Mattie K. Wendell and Miss Ann Holman; substitutes, Miss Lucille Lewis and Miss Ruth Rogers.

English and German—Miss Anna Hahnel, Miss Elizabeth Wodley, Wilhelm Steinmann and Miss Anna Alexander.

History and Geography—Miss Anna Gunn, Miss Edna Yates, Miss Crystal Hartford, Miss May L. Johnson and Charles B. Leonard.

Arithmetic—L. M. Blackman, Miss Mary G. Keres, Miss Gwynn Page Anderson and Miss Anna Egan.

English and Spanish—Miss Elizabeth Wodley, Miss Mary Miller and Miss Virginia Stuart.

Drawing with other subjects—W. W. Dudley and Miss Katherine Clark.

Drawing—W. W. Dudley, Miss Katherine Clark, Miss Florence Kilham, Miss Margaret Reed, Miss Clara Burnett and Miss Joanna Nicholson.

Home Economics—Miss Vinnie Robinson and Miss Amy Walter.

Home Economics with other subjects—Miss S. Florence Whitman, Miss Lucille Whitman and Mrs. Jessie L. Selt.

English—Miss Edith Yates, Miss Anna Alexander, Miss Augusta de Laguna, Miss May E. Robinson and Miss Clara Fraser.

Music—Miss Beth Bradley, substitute; Mrs. E. A. Haddock, Miss Nellie Payne.

Music and English—Mrs. E. S. Bousquet, Miss Ethel Norton, Miss Winifred Johnson, Miss Florence Hayes, Miss Anna Alexander, Miss Martin Gay.

Italian and English—Miss Lydia Walker.

FRIST TO SIXTH. The following teachers were placed on the list for the grades from the first to the sixth inclusive:

First and Second Grades (general)—Miss Ollie A. Gates, Miss Ada B. Osborn, Miss Edna L. Wright, Miss Verna A. John, Mrs. Frances Prior, Miss Helen Moore, Miss Adella M. Black, Miss Helen Grant, Miss Grace T. Harwood, Mrs. J. J. Vetter, Miss Marion Gardner, Miss Lucie T. Gibson, Miss Loretta Peterson, Miss Elizabeth Whitton, Miss Ruth A. Martin, Miss Irene M. Elliott.

First and Second (with music)—Miss Anne Cameron, Mrs. Gertrude Taylor, Miss Catherine Smith, Miss Eva H. Glick, Miss Ida Atterbury.

Third and Fourth Grades (general)—Miss Marie Tolman, Miss Frances Black, Miss Fern Perdue, Miss Frances E. Williams, Mrs. Kathleen Murphy, Miss Ruth C. Colwell, Mrs. E. J. Rogers, Miss Hazel Miller, Miss Claire Hollingsworth, Miss Josephine Eitman, Miss Anna Otter, Miss M. Annan, Miss E. K. Clark, Miss Nellie Payne, Miss Clara Neillman, Miss Orla Woodard, Miss Rena Hardon, Miss Anna Blauer, Miss Alma Blake, Miss Edna Maloney, Miss Mabel L. Rose, Miss Hazel L. Samuels, Miss Mabel McLaggan.

Third and Fourth Grades (with sewing)—Miss A. E. M. Powell.

Third and Fourth Grades (with drawing)—Miss Helen A. Cameron, Miss Kathleen Mott, Miss Verna Oakes, Miss Edith R. Cook, Miss Verna A. Parker, Mrs. Marjorie McCollough, Mrs. E. L. Kelley.

Fifth and Sixth Grades (with music)—Miss Ida Mae Donahue, Miss Gladys Campbell, Miss Grace M. Jones, Miss Victoria Connolly, Miss M. M. Morgan, Miss Mary E. Kimmer, Miss Pearl D. Clark, Miss Alice H. Kimmer.

Fifth and Sixth Grades (with sewing)—Miss Ida Condon, Miss Marie E. Wheeler, Miss Gertrude Smith, Miss Grace A. McNeil, Miss E. Leonard Moore, Miss Helen H. Peters, Miss Annie Wallace, Miss Elizabeth Vagor, Mrs. Gertrude A. Forrester, Miss Mary L. Wheeler.

Fifth and Sixth Grades (with drawing)—Miss Winifred Mott, Mrs. E. L. Kelley, Miss Lucie S. Holman, Miss Jeanie Cooper.

Fifth and Sixth Grades (with music)—Miss Grace Gibson, Miss Margaret Patterson, Miss Martha S. Guy, Miss Mildred Stiles, Miss Fay Calmer.

Fifth and Sixth Grades (with sewing)—Mrs. Jessie L. Selt, Miss Isabelle Van Noy, Miss S. Florence Haddock, Miss Kathleen Mulligan, Miss Annie C. Valley.

Strata of Coal Is Found in County

A strata of coal has been discovered in the hills in the eastern end of Alameda county by I. B. Cry of San Leandro. Cry will today use dynamite in an effort to learn the depth and value of the strata. The strata is near Hitts Mount Diablo country and Cry believes a coal mine could be profitably worked.

He also recently discovered a vein of copper in an abandoned gold mine in the San Leandro hills near Lake Chabot, and will erect a plant there for the extraction of copper. He has already taken out small quantities of copper.

The present scarcity of both copper and coal owing to the war, Cry believes, will make both mines of commercial value.

CHURCH OPENS CLASSES. A new method of service will be instituted by the Boulevard Congregation, on Seminary avenue, starting this month, when on Wednesday evening two classes each week will be held, one for the purpose of studying Christian socialism and the other to study truth "as applied to health, happiness and prosperity." The former will be held in the church rooms and the latter in the homes. On Friday evenings the church auditorium will be given over to religious talks illustrated by motion pictures.

THIS season, you can't tell a SHEEP from a GOAT in a shoe store window, because the horns are removed before the tanner begins, and the finish of the skin looks the same when either comes out of the chemical bath. Regal buys for its Shoes and puts into its Shoes only standard leathers, which measure up to the exacting Regal tests. That's all-important this season, when some shoe manufacturers feel justified in skipping the quality to lower the price.

You pay no more for the high-standard leathers in world-known Regal Shoes than for low-standard leathers in unknown shoes, because Regal Volume of Production, National Distribution, Manufacturing Efficiency, Four Great Factories and Factory-To-Foot Policy share with you the savings they effect on each pair.

First Nevada Paper Suspends Publication

RENO, June 2.—The Territorial Enterprise of Virginia City, at one time a widely read newspaper on the Pacific Coast, suspended publication yesterday, having merged with the Virginia City Chronicle. The Enterprise was the first paper to be printed in Nevada, having been started in 1858 at Genoa. Alfred James and W. L. Jernegan were the editors. The office was moved to Carson in 1859 and to Virginia City in 1869.

Many notable writers were employed by the Enterprise during the early days of the State. Mark Twain was one of the most notable contributors, and another was Dan de Quille (William Wright).

DRIVES THROUGH FUNERAL

MICHELIN

12 to 15% Extra Weight

When you buy your next tire make this simple test. Let us weigh a Michelin Universal Tread in comparison with any other non-skid of the same size. You will find the Michelin 12 to 15% heavier than the average, the exact percentage depending on the size of the tires used in the test.

This extra weight represents extra rubber and fabric, which means extra service.

Examine the above cross-section of the Michelin Universal Tread — or better still let us show you a cross-section of the tire itself. Notice the remarkable thickness of rubber, the numerous plies of fabric, and the double breaker-strips — all evidences of superior durability.

As a conclusive test, and in justice to yourself and to us, try just one Michelin Universal Tread Casing in comparison with other makes, keeping record of the extra mileage that it gives you. Once you make this test we feel sure that you will use Michelines exclusively.

FIRST NEWS WIRE IS SENT TO CUBA

President Transmits Message
Over New Channel to
Island.

NEW YORK, June 2.—A direct leased wire between New York and Havana has been installed by the Associated Press, beginning last night, to serve its Havana members. Heretofore service to the Havana papers was transmitted at the cable word rate and this is the first leased news circuit ever installed between this country and Cuba.

President Wilson, en route to Annapolis on the naval yacht Mayflower, sent by wireless last night

for transmission over the new Associated Press leased wire to Havana the following message to President Menocal of Cuba:

"His Excellency, the President of Cuba: On the opening of another direct channel of news between the United States and Cuba, I extend to your excellency my felicitations on this new evidence of the increase of the mutual interests of our countries, which are being constantly drawn more closely by the bonds of friendship and sympathy which have always united the two republics, and which I sincerely hope may never be broken."

(Signed) "WOODROW WILSON."

Bright Lights Cause 500 Motorists' Arrest

MEXICAN BANDIT KILLED BY RANGERS

Outlaw Brothers Resist Arrest
on Charge of Murder;
Offers Resistance.

PRESIDIO, Texas, June 2.—Francisco Dominguez, notorious Mexican bandit, was killed in an encounter with two Texas Rangers near Pulo, Texas, twenty-five miles from here, according to a report made to the military authorities today by the Rangers. An older brother, also known as Francisco Dominguez, is said to have escaped into Mexico.

The encounter took place about seven miles from Pulo, according to the report, when the Rangers attempted to serve warrants on the brothers charging them with the murder of Americans in the United States. The report added that the Mexicans opened fire upon the Rangers. The two bandits were said to have been members of the Villa command which raided Columbus, N. M., and later, it is said, they deserted to the Carranza army. Afterward, it is reported, they killed a Carranza officer and then escaped into Texas, where the Rangers say they have been committing depredations for several weeks.

A detachment from Troop L, Sixth cavalry, under Captain Heintzelman, was ordered to Pulo to investigate.

J. J. Scott Heads New Government Office

SAN FRANCISCO, June 2.—Joseph J. Scott, secretary and manager of the Insurance Federation of California, gave to the waterfront yesterday the first news that it was to have a new collector of port.

Scott, who was appointed to the office by President Wilson in 1915, is forwarding his resignation to Washington in a day or two. He denies that politics has anything to do with the matter, but says he is making the change solely because he has a chance to obtain a better position. The full title of the collector of the Port is "Collector of Internal Revenue for California and Nevada." The office pays \$4,000 a year and is one of the most important in the Pacific Coast within the gift of the government.

Tells of Move to Aid Home Industry

"The Wells Fargo & Co. makes it a policy to purchase all supplies possible for its entire system in California," said A. Christensen, vice-president and general manager of the company, to the members of the Home Industry League at their "Wells Fargo" day luncheon in the Palace Hotel.

Short talks were made by the president of the Home Industry League, J. H. Backlund, J. E. Baker, president, at Los Angeles; Alfred Sutor, attorney for the company, and E. E. Hoen, superintendent in San Francisco.

DANIELS ADVISES ENSIGNS TO TOIL

Annapolis Graduates Are Wel-
comed Into Real Naval
Ranks.

ANNAPOLIS, Md., June 2.—Secretary Daniels today welcomed the graduating

class at the Naval Academy into actual naval service with an address counselling a steady continuance on their part of the training and studies begun at Annapolis in order that the navy, dependent upon their knowledge for efficient expansion and keeping, might remain equipped and prepared always for any emergency. The secretary told the graduates they were coming into the navy at the period of its largest expansion, and highest efficiency, and when lessons from Europe point directly to the need of trained men in war if human life is to be spared from the killing of men unprepared and unskilled in the science of miterism.

"We have learned as never before during the present world war," the secretary said, "that courage on the field of battle

is the commonest, as well as the most glorious attribute of our humanity. The man who, in peacetime, hurries to volunteer on land or sea, often fails to appreciate the fact that his service lacks the highest value unless he is trained in arms. The pathos of human lives sacrificed in war because of unreadiness, is the saddest lesson taught by the European war. It is a lesson which has served to awaken America to the need of training men."

The training that produces skill and efficiency, said the secretary, should be encouraged among naval officers after they are graduated, if the navy is to profit by their service.

"Another lesson of the war and one needed in America," he continued, "is that industrial preparedness must go hand in hand with building battle cruis-

ers and other naval craft and securing more trained officers and men."

Secretary Daniels paid high tribute to the usual consulting board which, he said, already had undertaken the pioneer work of industrial preparedness in the United States, and soon would provide the army and navy with this essential feature. "I counsel you," he continued, "early to marry yourself to a special branch of the service, for an ounce of expert knowledge in the days that are before you will be worth a pound of general information."

The graduates also were reminded that the old things are passing away and new ones must be devised. The responsibility of providing weapons and strategy to meet the untested possibilities of certain instruments of war, he said in conclusion, would devolve upon them.

Children to Have Big Day at Park

All the children of San Francisco between the ages of 6 and 14 were given an invitation yesterday, through the board of education, to visit Idora Park. The management of the park will pay the transportation including entrance to the park from the foot of Market street, San Francisco. This invitation includes the children of the various orphan asylums and charitable institutions as well as the public schools. It is planned to take about 1000 at one time and the swimming tank and various amusements will be open for their pleasure. No action

Rev. Frank Dean New Olivet Pastor

Rev. Frank W. Dean, who has been supplying the pulpit of the Olivet Congregational church, on Shattuck avenue, near College, for some time, has accepted a call to become the permanent pastor of the church and will commence his work as such on Sunday, June 4. Mr. Dean is a man of broad and liberal view and the members of the church and congregation are to be congratulated in having secured the services of a man of Mr. Dean's ability. He has yet been taken by the board of education.

WAS EYEWITNESS TO GUSHE MURDER

Benjamin Makes Sharp Rejoinder When Court Objects.

John Noons testified this morning at the trial of Judah Benjamin, held on the charge of the murder of Patrolman Robert Gushe, that he was an eye-witness to the shooting of Gushe. In the testimony it was brought out that the slayer of the policeman was a dark suit, had a cap and walked with one shoulder lower than the other, weighed about 160 pounds and was about four inches shorter than the patrolman. Noons also stated that Benjamin resembled his picture of Benjamin, but would not state definitely whether or not Benjamin was the man. In order to substantiate the testimony as to height, Benjamin was asked by his attorney to rise and show the court his size, which the defendant refused to do. Benjamin, when arrested, wore a cap and a brown suit, but Noons could not remember if the color of the suit upon the policeman's assailant were a brown suit or not. Following a five-minute recess, Noons was questioned by the prisoner, who tried to impress the importance of telling the truth in testimony by quoting the statutes of this State. In one portion of the reading he was interrupted by Judge Ogden. "In reading the statutes of your State and you cannot afford them," Benjamin exclaimed when Judge Ogden offered a better working to one of his statements. At the request of the attorney for the defense all witnesses were excluded during Benjamin's questioning of Noons. The questions asked by the defendant, were mostly pertaining to Noons' visit to Hill the City Hall where he was asked to identify Benjamin.

Says Visitor Went Away With Clothes

When a friend from the country visited Mrs. Nellie Douglas, 643 Eighth street, for a few days Mrs. Douglas decided to honor her by laying out in the guest's chamber her most beautiful crepe de chine embroidered night dress and exquisite bodice cap. After accompanying her friend to the train and assisting her with her baggage Mrs. Douglas returned home to find up her room. Both the "nightie" and the cap had disappeared. Mrs. Douglas has asked the police to recover the missing articles, but the police have so far refused to reveal the name of Mrs. Douglas's guest. Mrs. M. McGlynn of 615 Twenty-seventh street, reported to the police that she had just returned from Sonoma county and that while on the way to this city a handbag containing \$130 in coin and a gold watch and chain had been stolen from her. While camping between Dublin and San Leandro, P. M. Cary, 442 Fifteenth street, left his automobile for a short time and when he returned found that two coats, four comforters, a piece of canvas and a large tarpaulin had been stolen.

Woman Autoist Runs Down Man

SAN FRANCISCO, June 1.—After running down L. Graves, a messenger, of 804 Montrose street, in front of the Palace Hotel this morning, Mrs. P. M. Pike, of 3864 Jackson street, wife of P. M. Pike of the Federal Drilling Company, nervous and excited, left her machine and went into the hotel. Later she went to the Harbor Hospital and called as to Graves' condition and found that he had suffered multiple lacerations and bruises.

DRINK HOT WATER BEFORE BREAKFAST

A glass of hot water with a teaspoonful of limestone phosphate in it washes poisons from system.

Newspapers are full of articles telling the remarkable health results obtained by drinking each morning, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it. This is highly praised as a harmless means of keeping the liver active, stomach sweet, bowels regular, and it washes away each day all the left over indigestible material, gases, acids—the sour fermentations and poisons. It is also said it puts roses in your cheeks. People who drink the phosphated hot water soon become enthusiastic on the subject and we are selling a great amount of limestone phosphate in the quarter-pound packages ready for use.

COME TO US FOR LIMESTONE PHOSPHATE 1/4 LB. FOR 30 CENTS

LA GRIPPE

SHOE MARKET

1110 Washington Street, Oakland

Madame Chaumette Is Held by Lower Court

Madame Eugenie Chaumette was today held to answer on a felony charge of having thrown carbolic acid through a knot hole in the fence between her property and that of a neighbor at Mrs. Maria Osterberg. Bail was fixed in the sum of \$1000 by Judge Frank Mitchell, who presided at the preliminary examination.

The case has been before the court for some weeks, and the giving of testimony was complicated by the mysterious disappearance of the knot hole, through which the acid is alleged to have been squirted. When Mrs. Osterberg felt the stinging liquid on her bare arms she first hastened to play the garden hose upon herself, and then sawed out the section of board in the fence containing the knot hole. This she brought to the prosecuting attorney as evidence.

ELIGIBLE ENGINEERS.

The eligible list for steam roller engineer in the street department was announced today by Secretary Frank Colbourn, who examined the applicants for the position. Eight candidates were successful. They were Thomas L. Madden, Charles A. Richards, S. B. Wehrly, Fred Weber, W. B. Haskinson, R. M. Reid, Charles O. Schmidt and C. H. Taylor.

PEDDLER HURT IN RUNAWAY.

Herman Davis, peddler, 626 Grove street, was treated at the Emergency hospital last night for a fractured left leg and a dislocated left shoulder as the result of being thrown from his wagon when the horse ran away at Fifth and Fallon streets.

FRIDAY, JUNE 2, 1916.

THE DUTY AT CHICAGO.

The delegation of California Republicans which this afternoon starts for Chicago to participate in the Republican national convention for the nomination of a presidential ticket have before them important and serious work.

Individual ambitions have no proper place in the considerations of the coming convention; no individual delegate nor groups of delegates should trifle with the fate of the party by giving a minute's ear to the call of any man who would put his personal aspirations above the success of the party and the welfare of the nation.

We have not forgotten 1912. We are not unmindful of the fact that the division in the Republican ranks permitted the Democratic party to attain to power; nor are we oblivious to the train of untoward and harmful events that have followed the accession of the Democrats to power, injuring the interests of the people at home and endangering the nation in its relations with governments abroad.

It would be difficult for the nation to endure another four years of the present ineptitude in government. President Wilson must be defeated and the leadership in Congress taken away from the Democrats.

The voters of the country must unite in sufficient strength to bring about the restoration of Republican policies in the administration of government.

To insure this being done is the problem before the national convention in Chicago next week. The requirements are quite simple—the divided Republican vote of 1912 must be united in 1916. The Republican and Progressive candidates four years ago polled 7,606,792 votes between them. Mr. Wilson polled only 6,291,196 votes, or 1,315,596 less than a majority. The country can ill afford that the opposition to Democratic policies be divided this year and the minority party be left in power.

The essential thing is to adopt a platform and nominate a ticket that will be acceptable to both Republicans and Progressives and which will unite the more than eight million anti-Wilson votes behind one ticket. No candidate should be nominated if it is apparent that his nomination will arouse the animosities of either faction formed at the last national convention.

California Republicans are in favor of such an outcome of the convention. They have selected men to represent them in the convention who will strive for such result and who will faithfully obey the instructions of the State convention to support any action most likely to promote party victory. California will be creditably represented at Chicago. Republicans have never sent a more thoroughly representative delegation to a national convention.

But every delegate, whether he hails from California or from Maine, must feel the obligation to put aside personal preference for the welfare of the party and he must be ready to discharge unflinchingly that obligation if it assures success for the party.

WAR AND WATCHFUL WAITING.

More evil results of the policy of "Watchful Waiting." General Carranza has openly threatened the United States with war unless the so-called punitive expedition in Mexico is at once withdrawn.

Just as the Columbus raid and massacre was the logical conclusion of a policy of dalliance and vacillation, so is Carranza's insolent threat. Experience has taught us to expect nothing else.

It would be a thousand pities if Carranza should incite even a part of the ignorant population of Mexico to violence against the United States. We would lose a lot of men, because we are not prepared to prosecute a speedy and effective campaign against even a Mexican hostile force, but the Mexicans would suffer incalculably more. What soldiers we have know how to shoot and defend themselves and figures show that in Mexico they exact about twelve lives for every one given, and we have not started to fight yet; just watchfully waiting.

Greater the tragedy because the Mexicans would be fighting for false motives trumped up by Carranza to victimize them.

If we had not faltered in our original purpose to "get Villa" and his followers the job would have been over long before this. If we had used

the Mexican railways from the first instead of parleying with Carranza, the punitive campaign would have been ended and we would be in a position to get out of Mexico promptly, if in fact the withdrawal had not now been completed.

But President Wilson did falter in his duty to exact punishment for the commission of crimes against the nation, and depended upon words, as he has done in every other foreign controversy, to solve the Mexican situation. And danger and injury have increased, in Mexico, just as they have in all other cases where ingenious phraseology have been employed in place of a firm, unflinching show of strength.

The latest phase of "watchful waiting" is expressed by the President in his plan to keep American troops in Mexico until Carranza has demonstrated his ability to police the border effectively. In view of the fact that we have vainly waited three and a half years for some faction to establish control over more than half of Mexico and that Carranza's power is diminishing, this will be quite as hopeless as any other period of waiting.

General Joseph Gallieni spent many hard years campaigning in French Indo-China and in governing South African colonies. He had been called home in bad health when the great war broke out. When General von Kluck's army dashed past Charleroi toward Paris Gallieni was summoned to supervise the defense of the French capital. He immediately became a man of fire. When the German advance forces touched the Marne they were so extended that they found themselves confronted by superior forces under the dogged Manoury. They fell back, slowly at first, and then very fast. Gallieni, who had blown up houses and planted mines and dug mile upon mile of trenches in the environs of Paris shared the honors of what the Parisians were pleased to call a victory, when only an hour, perhaps, separated them from humiliation. He won new distinction as minister of war. He never rested. He planned for a long war and found resources for it. But his vitality had reached its high point and he worked for awhile dying on his feet, then the operating table and last week the end. He was one of France's heroes and he has passed on before the fates have a chance to dim his fame and the faith of the French people in his prowess. It is better thus for popular heroes.

California women may justly feel a sense of pride over the election of Mrs. Josiah Evans Cowles as president of the General Federation of Women's Clubs for the ensuing two-year term. Her election is to be considered in large measure a victory for California club women, who during the two years past had been waging a good-natured gracious campaign in her behalf. Many and far-reaching possibilities dwell in the office of the president of the general federation. Most important among her duties is to carry on the work of uniting the two million club-women of the United States, Canada and Europe in efforts for social and civic betterment, not only as relates to women, but to humanity in general. Mrs. Cowles succeeds to the office with high qualifications. She has been an officer of the federation for several years and is thoroughly informed as to its aims. Her experience, ability and temperament is a guarantee that the organization will not depart from its long established policy of carefully guarding against radicalism and of being exploited to the advantage of selfish outside interests.

An administration bureaucrat has burst upon the horizon again and has been properly rebuked for his venture. He is Fourth Assistant Postmaster General Blakeslee, home in Pennsylvania, who brazenly admitted before the Senate that he conducted a lobby against legislation pending in Congress—the railway mail pay clause of the postal appropriation bill. Mr. Blakeslee's lobby was as energetic as it was "insidious" and was doubly reprehensible because he worked upon the postmasters of the country, who probably thought they depended upon their chief for fair and considerate treatment, which they might endanger if they refused to do his bidding. It is bad enough when an employee of an executive bureau presumes to meddle in any other department, but when he organizes nation-wide opposition to legislative measures in Congress he ought to be summarily disciplined. Mr. Burleson doubtless was informed of his subordinate's activity and, through him, the President probably knew about it. If these gentlemen fail to volunteer an explanation the Senate ought to demand one.

EASTERN PAPER'S POLL OF DELEGATES GIVES LEAD TO JUSTICE HUGHES.

(From the New York Herald.)

As the record stands to date—and the data which the Herald prints are collected with every effort at impartiality—after the delegates get down to real business Justice Hughes is likely to receive 435 votes and Mr. Roosevelt 198. In a convention of 985 delegates 435 are necessary to nominate. Justice Hughes must draw fifty-five from the other columns and Mr. Roosevelt must draw 285. There are forty-one delegates in reserve who will vote for Justice Hughes under certain contingencies, which would leave him only seventeen votes to "go," and there are in the convention other elements which are uncertain or uncommittal, which under a growing sentiment for the justice might be expected to give him the nomination on the first ballot.

Naturally, the fire of the next ten days will be directed upon Justice Hughes, who has said that he did not desire the nomination and who is manifestly unwilling to make any statement lest it should show lack of patriotism on one side or lack of judicial dignity on another.

But cold facts are cold facts. Unless there is a radically different aspect of affairs presented when the delegates assemble at Chicago the convention will nominate Justice Hughes. Whether he will then accept would probably depend upon the attitude of Mr. Roosevelt and his Progressive party.

NOTES and COMMENT

The slipping is still good. It may be that even Speed Martin will now find it impossible to fetch up the toboggan.

Here is a poor editor who sees for five millions on a war munitions deal. If he gets it he will lose his classification.

"Santa Rosa girl gets Chataqua engagement." Not exactly the kind that all girls expect to meet up with, still not entirely to be despised.

"Road almost clear from snow" sounds like Eastern news, but it comes from the high altitudes nearer by, referring to the way to Tahoe.

T. R. is stalking the hyphen, and the President himself is assuming the huntsman's pose, though of course, when it comes to hunting T. R. holds the "age."

The county auditors of the State are in convention up in Yreka. There will be some interest in what they do, and much curiosity as to how they come to get so far from home.

A Philadelphia minister holds that that narrative about Jonah and the whale is "no fish story." This surely is an age when an angler's tale has to be of some proportions to get across.

An "economical man" of Portland took his wife's auto to elope with a girl. Economy is fine when practiced in an approved manner; but here is an instance where reckless extravagance would be a little less jarring.

There is indication of a contest in the national Progressive committee over plans for the campaign, as a despatch informs us. Somebody is still serious over the T. R. Moose Thing, it would appear from this.

Carranza orders the United States troops out of Mexico. In case of noncompliance with orders, things may be nearer to a focus. Anything will be preferable to this tenuity—at least, a good many are feeling that way.

Bibb is getting busy. His tactics is reported as being a purpose to let Hughes and T. R. exhaust themselves, and then come through in the home stretch. T. R. exhaust himself? When he does it will be a big exhaust.

The general manager of the Western Pacific incautiously let it be known that the road has a surplus of \$1,645,294 from its wholly unexpected and amazing spurt of business, and now tax collectors and income tax inquisitors are on his trail with the warmest scent possible.

Under the head "In Explanation" the Oryville Mercury thus condones an editorial catastrophe: "The editorial that appeared in the Mercury of last Saturday, strongly attacking President Wilson, was published during our absence and without our knowledge or consent. There was a time when the publication of such stuff met with approval but that time is past."

This definition of a good sport may well have been written by one. It is from the Richmond Record-Herald: "A 'good sport' is generally understood to be a person who plays a game for the game's sake, and is as cheerful when he loses as when he wins. When in the big game the good sport loses, he picks himself up and starts over again. He doesn't waste time or energy in blaming his failure or fate or the other fellow."

SPIRIT OF THE STATE PRESS

Development of Tulare county lands will be further expedited through the Southern Pacific's plan of building 50 miles of electric lines to tap the rich orange belt districts. The cost of the proposed extensions will be about \$750,000.—Bakersfield Echo.

Someone must have obeyed Wilson's old injunction to "knock Bryan into a cocked hat."—Hanford Sentinel.

The Kansas City Star tells of thirty women employees, who were vaccinated, "three of them on the arm." Now Willie, no more questions; you better go to bed.—Santa Ana Blade.

State Treasurer Friend Richardson told the twenty-second annual convention of the California Bankers' Association that the state does a banking business of \$74,000,000 a year.—Berkeley Gazette.

There has been a material change for the better in the grain outlook in the Sacramento Valley during the past few weeks. The fact that the weather was cold and that a slight fall of rain was experienced, has had a beneficial effect upon all growing grain.—Colusa Sun.

SCORE REDFIELD.

No one who has followed the course of Secretary Redfield will be surprised at the severe scoring he has received at the convention of knit goods men now in progress in this city. It will be remembered that the secretary was given a presidential commission to investigate any complaints against the Underwood Tariff law and to punish manufacturers who had the temerity to complain that it injured their business or who reduced the time of their employees on the ground that the tariff law had affected the sale of their output. In pursuance of this authority Redfield "investigated" several of the knit goods manufacturing plants in this locality and had the audacity to tell the manufacturers that they did not know their business.

It will be a long time before the impudence of this meddlesome theorist has been forgotten by men who have spent their whole lives in manufacturing and whose enterprise has enabled many of them to send their products to all parts of the world. The conditions in the knit goods industry are cheering at present, but it is predicted that there will be a change after the war, when we get a flood of European products, and to prepare for that time the knit goods men very properly demand a protective tariff.—Philadelphia Inquirer.

THE STAR IN THE EAST

THE JESTER.

Too Much So.
 "You know Stockton, don't you doubt?"

"Yes, indeed. He's a patient of mine!"
 "Pretty wide-awake man, isn't he?"
 "I should say so. I'm treating him for insomnia."—Boston Transcript.

A Good Judge.
 Ethel: I was taken in to dinner by that Western gentleman you introduced to me. He was quite gallant and remarked upon my bird-like appetite.

Her Friend: Well, he should be a good judge on that point, dear; he runs an ostrich farm in California.—Boston Transcript.

A Husband Supporter.
 "Are you a certified cook?"
 "Yesum. Here's my certificate."
 "But that's a marriage certificate."
 "Yesum. That certifies I've got to work."—Birmingham Age-Herald.

Scared.
 Knicker: What do you think of the telephone tapping?
 Docker: Fine; my wife talks only half an hour instead of an hour on the wire.—New York Sun.

THE HUGHES ON HUGHES.

Silence deep wraps Justice Hughes, Through his whiskers come no Hughes.

Wordless quite is Justice Hughes, Simply hasn't any Hughes.

Dumb indeed is Justice Hughes, For the rag he never Hughes.

Speechless yet is Justice Hughes, Won't accept and won't refuse.

Sphinxlike now is Justice Hughes, For the job he never Hughes.

Stillness broods on Justice Hughes, Doesn't give us any Hughes.

Hush is over Justice Hughes, Doesn't break for any Hughes.

Sealed are lips of Justice Hughes, Who would wonder should he Hughes?
 —McLanburgh Wilson in N. Y. Sun.

LET SOME OTHER BOY GO.

Women applaud preparedness, but how many mothers are still humming "I Didn't Raise My Boy to Be a Soldier?"—Ballmore American.

TWENTY YEARS AGO TODAY

The Henry Clay debating society gave a reception last evening at the residence of E. E. Gehring.

A reception was tendered the well-known baritone, William H. Keith, by Mrs. Blake Alverson and her pupils at Clark Wise's studio last evening.

Mrs. T. B. Coghill entertained at a dinner last evening in honor of her oldest son, Stanley Coghill.

Mrs. Mack and Miss Nellie Roberts gave a luncheon last Saturday at which the Misses Margaret Knight, Laura and Mona Cullis, George and Lillian Strong, Florence Gardner and others were present.

Mrs. George W. Fisher has returned from her visit to Nevada.

APPEARANCES DECEITFUL.

Hiding to the firing point at Detroit the Colonel passed through lanes of people numbering 35,000. And they all cheered him. When he came here recently he was received in silence and there was none so poor—except stray newspaper men—to do him reverence. Yet Detroit is the home of Henry Ford and pacifism, while Hartford is getting rich out of belligerency.—Hartford Times, Conn.

TO LEAVE HIGH SCHOOLS

Classes Will Be Graduated Tonight

Graduation exercises will be held tonight for Oakland's three high schools. At the Auditorium the pupils of the Oakland High school will receive their diplomas, when F. B. Cook, president of the Board of Education, will distribute the parchments following elaborate exercises. Director Harry Boyle will present the diplomas at the Fremont school, and at the Technical High School Superintendent A. C. Barker will officiate.

The Oakland High School exercises will be featured by an address by one of the early graduates of the institution, Irving Kahn, who is to deliver the oration of the evening. The exercises will open with music by the high school orchestra, following which Rev. A. S. Donat will deliver the invocation.

TO READ ESSAY.

Miss Margaret Pope will read an essay on "The New Meaning of Recreation," and Miss Elizabeth Hill Cummings will read several piano solos. Harold Fraser will speak on "The Progressive Physicist," and Irving Kahn will give the parting advice of the school to the graduates.

At the auditorium of the Technical High School the ceremonies will open with music from the school orchestra, following which Lucy Bradley will speak on vocations for girls. The school quartet, consisting of Norma Foss, Dorothy Rutland, Frank Bocca and Byron Mills, will sing, and James Cleary will discuss "Journalism in High Schools." Myrtle Marshall, of the graduating class, will read violin solos, and Professor Charles E. Rich, of the department of Education of the University of California will deliver the address of the evening.

CLASS GIFT.

A brass quartet, consisting of Vernon Perry, Alfred Volitz, Walter Welch and Rose Black will play, and Principal P. M. Fisher will be heard in a short address. E. Russell Lindgren, president of the class, will also speak, delivering the gift of the class to the school, and a boy's double quartet and string orchestra will be heard in musical numbers.

At the Fremont High School the high school orchestra will play, and Miss Edna Bishop will speak the salutatory. Miss Katherine Dingley, Miss Leah Grasser and Miss Dorothy Seely will sing, with Miss Edna Piper as the accompanist, and Wilson Haley and Miss Jean Miller will speak.

The valedictory address will be by Raybourne Reinhardt and Nicholas Riccardi will be heard in the principal address. The school choir will sing.

Director Louis Aber presented the diplomas yesterday at the Bay School, where the elementary students graduated into the grammar schools. Former Superintendent of Schools J. W. McCloy was the speaker.

Tribune Day at Idora Is Four Days Off

Many Entries in the Special Events

Thousands of Tickets Are Given Out

Today is June 2. TRIBUNE DAY is just four days off.

June 6, the big day of joy at out at Idora Park, can be measured in terms of hours.

Preparations are rapidly being rushed to completion for the big special events of the day. Already thousands of tickets are on distribution in various stores throughout the city. Anyone can have the tickets free for the asking, in practically every neighborhood store of Oakland, Alameda or Berkeley. Entries galore are coming in for the swimming races and other special events of the big day. Interest is keen in the great "Outing Fashion Show," the special attraction at the park. Many children have entered the "Yutch and Esther contest."

GREATEST OF ALL.

This year's TRIBUNE DAY at the big park will be the greatest of all. The TRIBUNE DAYS of the past. The celebration has become an institution in Oakland. Every year great crowds have filled the park as guests of the newspaper. Every year the affair has been bigger, more colorful and more joyous.

But this year will be the greatest of all. Next Tuesday, June 6, is to be the opening TRIBUNE DAY of a long series of these famous affairs.

Special events galore, new concessions never before enjoyed by guests at the big park, and hundreds of prizes for contests and other events are to be among the big features.

And the concessions.

DANCE ALL DAY.

There will be dancing all day and night in the magnificent new dance hall, into which the old theater has been remodeled. A great orchestra will be in attendance for the revelers all the time.

Over at the big artificial beach there will be special swimming contests, and at the new monkey house the guests of the day will see the new and remarkable collection of simians brought around the world for the park. Monkeys from every clime, including many specimens never before seen on the Pacific

FIRE SCARES

GUESTS IN

BIG HOTEL

Scantly-clad guests clinging to the fire-escapes at the Hotel Oakland this morning screamed for assistance and added to the excitement occasioned by a cloud of smoke which had escaped through a hole burned in one of the large kitchen flues. With the arrival of the firemen some of the guests who had screamed turned volunteer firemen and aided in dragging the hose through the upper windows. The blaze did slight damage, as the fire-proof walls of the hotel kept it from spreading.

The burning flue was the main one from the kitchen, running through the building to the roof, and about 10 feet in diameter. Grease and soot, which had collected in the long pipe, suddenly caught fire, filling the kitchen and halls with smoke. Guests, alarmed by the smell and smoke, hurried to the fire-escapes.

VOLUNTEERS MANY.

Before the fire engines arrived a volunteer bucket brigade, headed by Chief Clark N. F. Pope, had started to fight the fire at the base of the chimney. On the arrival of the engines a ladder was thrown against the fourteenth-story side of the building and a hose carried to the fifth floor, whence chemicals were dropped on the blaze from above.

W. J. Leary, of San Antonio, a San Francisco capitalist, stood on the fire-escape in a pair of pink pajamas and assisted the firemen in hauling up the hose and in arranging the nozzle.

Mrs. C. H. Mitchell, of Noma, in a room adjoining Leary's, was thrown into a panic by the sight of the fire engine and, screaming, rushed to the fire-escapes before assured that she was not in danger.

KEEP ON COOKING.

While firemen were working on the blaze at one end of the long kitchen, the cooks, under Chef Charles Zumbach, cooked at the other end, where makeshift apparatus was put into commission. The majority of the guests at the hotel did not know until the blaze was extinguished that there had been a fire.

GIRL DISCOVERS IT.

The fire was discovered by Mrs. H. M. Isaca, chefess of the dining room, whose desk is opposite the main flue, and who was suddenly alarmed by a shower of sparks. She hurriedly telephoned for the fire department and notified Pope, who organized a bucket brigade of waiters and at once drenched the wooden apparatus in the kitchen about the chimney.

The blaze in the flue was stubborn, the firemen working nearly an hour before the fire was under control.

NO DANGER.

Guests in rooms adjoining the flue were alarmed by the heat and cracking of plaster, but at no time, according to the hotel management, was there any danger, the fire running through solid cement throughout. There is no wood in the construction of the hotel.

The fire department, in reaching the fifth floor, used the new extension ladder recently added to the equipment of fire station No. 1 for the first time. The apparatus worked perfectly.

Frank Meaten and W. H. Jaffe of New York were aroused by the light, being in rooms adjoining the flue. An investigation is being made into the cause of the blaze.

NEW YOSEMITE TRAIN.

A new train from Merced to the Yosemite, which will make it possible for the traveler to leave Oakland at 7:30 o'clock in the morning and reach El Portal by evening, will be put into service tomorrow. The train will leave Merced at 1:30 o'clock every Saturday afternoon until further notice.

Diplomas Shrink;

War Is to Blame

Smaller Ones Are Just as Effective

Gone is the day of the great high school diploma that used to take a frame two feet square. The European war is to blame. Leather is short, and parchment is scarce—for where a sheet of parchment once made one diploma it now performs must make eight.

The graduates of the high schools tonight will receive heart-parchment diplomas about five by seven inches in dimensions. The high price of parchment, according to Purchasing Agent Harry W. Bridgeman, and its scarcity, is the cause of the change.

"I don't know whether they use it for drum-heads in the war or for explosives, but anyway it can't be gotten," he declares. However, the "cut" diploma is to be as potent in its effect on the university authorities as the "sheepskin" of yore.

WHAT IS DOING

TONIGHT

Oakland Technical and Fremont High schools graduation exercises.

Alameda Elks' athletic evening. Alameda Elks' hall.

Vocational High School exhibit.

Orpheum, Helene Lackaye, musical comedy and vaudeville.

Madonnough, Dillon and King.

Pantages, A Revolt in Tanglewood.

Oakland, Mabel Talafiero and Billie Burke.

Franklin, Beatriz Michelena and William Collier.

Broadway, Charlie Chaplin.

Idora Park, island bathing beach.

WHAT IS DOING

TOMORROW

U. C. students gather at University Farm.

"State of Maine" association holds reunion, Shellmound Park.

East Bay Talent to

Aid at Reception

Eastbay talent will assist in giving the program tomorrow at a reception held by the Albert Sydney Johnson chapter of the United Daughters of the Confederacy in the Italian room of the Palace Hotel at 2:30 o'clock. Mrs. C. C. Clay, the state president, will be on the reception committee.

Miss Anna Mordhorst and Mrs. William Crittenden of Berkeley, Mrs. Milton Le Roy Stannard of Oakland, Miss Elsie Johnston Pritchard, Miss Elsa Cross, Mrs. Alfred T. Muser and many others will participate. Mrs. Stannard will sing "Bess in the Bow" (chorus) to a cello obligato played by Miss Anna Mordhorst and a piano accompaniment by Mrs. L. O. Adams. The address of "Jefferson Davis, President of the Confederacy" will be given by Mrs. William Crittenden, and personal reminiscences will be given by Mrs. Mary Polk du Bois.

Miss Anna is in honor of Jefferson Davis' birthday and will be attended by many daughters of the Confederacy from both sides of the bay.

Railroad Men Meet

Employees in Conference

NEW YORK, June 2.—A "fifth of a billion" dollars in wages for 200,000 trainmen was the issue at the initial conference of representatives of men and railroads here today.

A disagreement that might result in a strike tying up the nation's traffic was considered a remote possibility.

"Get the strike idea out of your heads," was Grand Chief Stone's message to reporters today. The railroad committee men accepted the trainmen's suggestion that the conference proceed, but he said.

"An open conference ought to enable the public to determine what is just," agreed Chairman Elisha Lee for the roads.

ATTEMPT TO

END COAST

SHIP STRIKE

Slight change is reported in the waterfront strike situation in all ports of the Pacific coast today. So far the most far-reaching results of the walkout of more than 10,000 wharf laborers and stevedores have been felt in San Francisco, where the majority of the retail lumber merchants today closed their offices and plants, a procedure which threatens to cause from 8000 to 10,000 men employed in the building trades to be forced to leave their work within a few days for lack of materials to work with.

A few capitulations are reported in San Francisco on the part of the owners. Mayor Ralph's company has signed up the union demands for increased pay and the strike has been called off. The Western Fuel Company, which is bunkering deep water vessels in Oakland and San Francisco, and the California South Sea Navigation Company, with vessels in the west coast trade, also signed the union demands.

CONDITIONS UNCHANGED.

Conditions remain unchanged in Oakland. The lumber trade here is not affected, as all vessels bringing lumber are stevedored by their own crews. The men who work in the yards are not concerned with the strike.

Following a settlement of the wage increase dispute which had caused the men to walk out, two hundred striking stevedores returned to work today at the plant of the Hogan Lumber Company in Oakland and the Bruce Lumber Company in Berkeley. The Tilden Lumber Company, in Berkeley, reported that its men never left the mills, the dispute being settled there at once.

The Hogan Company this morning declined to make any statement save that the men had returned to the Hogan and Bruce plants. It was stated that so far as known those were the only two settlements today. Union officers reiterated their statements that the strikes in other yards will continue until the wage increases are granted.

The San Francisco lumber men decided to close their plants today following a secret meeting of about fifty of the principal dealers in the city last evening. The move was made necessary, they say, through the general strike of the stevedores in their yards. This condition does not prevail on this side of the bay.

The Sacramento river will see the first trouble as the result of the strike. A band of about fifty strikers late last night tried to break down the gates leading to pier 19 at the foot of Union street and charge a band of Filipinos who were unloading the river steamer Crockett at the time. Lloyd Fitzgerald, the night watchman, fired two shots at the men and sent in a riot call for the police. Ten officers responded and the strikers dispersed without further trouble.

A message has come to San Francisco ship owners from the Sugar Planters' Association asking ship owners to accept the strikers' terms with all-speed, lest Hawaiian trade be crippled. E. H. Foley, secretary of the Riggers and Stevedores' Union, declares that the strikers will win their fight in a few days.

REFUSE 10 PER CENT RAISE.

A 10 per cent increase in wages has been offered the strikers by the Waterfront Employers' Union. If they will return to work next Monday. The compromise was refused. The men want a 30 per cent increase.

Fifty Sacramento river steamers were idle today and many coast liners sailed without cargo, with water ballast, or lay at their wharves. A throng of strikers greeted the Huerfano Maru when it docked here, but no efforts were made to unload its cargo.

RISK LIVES IN SHIP FIRE

Face Drowning as Doomed Bark Careens

Members of the fire department, directed by Chief Elliott Whitehead, last night risked their lives in combating a fierce fire which raged in the hold of the bark Callao in the Moore & Scott shipyards at the foot of Adams street, entering the smoke-choked hold of the vessel with the aid of devices which cleared air spaces for them.

Overweighted with the water which had been thrown into the hold, the Callao careened over at an angle of 45 degrees, threatening momentarily to turn turtle and carry to death the firemen who were aboard. The firemen were forced to board the vessel by climbing hand over hand on ropes which were thrown across the dangerously sloping decks. The dense smoke clouds were caused by the burning of coconut cakes, of which there were 120 tons in the vessel's hold.

COCOANUT Cakes BURN.

The alarm of fire was sent in shortly after 8 o'clock. Workmen have been repairing the hold of the Callao and it is thought that a spark from one of the acetylene burner lamps in use flew into the oily coconut cakes, starting a slow-burning, smoldering fire. Extensive alterations are under way in the Moore & Scott yards and it was with difficulty that the fire engines could be gotten to the water side and streams of water directed against the flames.

Six streams were eventually going. These were carried aboard the ship by the firemen who were driven back from the hold by the smoke. An air circulator, a new device operated through the power of the fire engine, and which makes chambers of air in dense smoke clouds that the firemen might work, was brought into play. Along with the use of this device and the six streams were brought upon the fire. Later, the fire tug David Scannell arrived from San Francisco and three additional streams were thrown in the vessel. After about an hour's work 350,000 gallons of water had been poured into the vessel and she listed until her decks were at an angle of 45 degrees to the water.

ROPE SCHEME USED.

Whitehead, who has seen service as a sailor, devised the scheme of throwing ropes across the dangerously sloping decks. These were knotted at short intervals and with the aid of them the firemen clambered up and down the sloping decks. The great weight of water inside the ship threatened to overturn it momentarily, but did not deter the men from continuing their efforts.

The loss is estimated at less than \$10,000 by officers of the Moore & Scott yards. The Callao has been there for several months, undergoing extensive repairs to her steel hull. She came into port in a badly crippled condition last January and was docked a short time later. The Callao was recently purchased by the firm of George W. McNear, grain exporters. The vessel is valued at \$100,000.

with Japanese deckhand labor and the crowd dispersed.

Advices from every port on the coast indicate that the strike situation is unchanged from Alaska to San Diego. The gasoline engineers are talking about striking for increased wages. At present gasoline launches are trying to handle a portion of the river traffic usually taken care of by the regular steamers. If the engineers walk out commerce on the bay and the Sacramento river will be practically at a standstill.

Officers of the employers' organization aver that if the men do not accept the 10 per cent increase which has been offered in compromise work will be resumed on the waterfront in spite of this.

"We have given the strikers until Monday to return to work," states R. C. Thacker, secretary of the organization, "and, failing this, arrangements have been made for the resumption of work on the San Francisco waterfront."

Representatives of the strikers declare that any attempt to place non-union men at work in the places of the men on strike will be strenuously resisted by them.

The Waterfront Federation has informed the strike of the longshoremen and, according to prominent labor leaders, will call out within a short time members of all maritime unions. If this action is taken, and the federation calls its members out in sympathy with the longshoremen and rivermen it is estimated that fully 10,000 more men will be out at this port.

No future shipments are being booked by the steamship companies and until Monday at least, unless the situation changes in the meantime, cargoes will be left on the wharves, freighters tied up and passenger boats operated without cargoes. A "mosquito fleet" of small gasoline boats and barges is enlisting for the produce coming from Sacramento and San Joaquin valleys and the delta country.

According to an announcement made yesterday, the strike of waterfront employees will not affect the passenger service of the Great Northern Steamship Company. It was definitely decided to continue operating the turbines Great Northern and Northern Pacific between San Francisco and Portland to take care of passenger traffic. Freight shipments, however, will be refused pending the outcome of the strike.

RAILROADS HANDLING PRODUCE.

The Southern Pacific, Oakland, Antioch & Eastern and the Santa Fe railway companies yesterday put on extra cars and are handling large quantities of produce formerly handled by the river steamers tied up by the strike. For the first day, at least, the strike had little effect on the market, wholesalers receiving particularly heavy shipments Wednesday and Thursday. If the strike continues, however, the wholesalers predict a soaring of prices.

At Seattle the employers say only 600 longshoremen went on strike, but 8000 men in the breadbasket of the figure is placed at 325, and on Puget Sound 1500 men. Seventy-five non-union men

ATHLETICS
ROWING
YACHTING

stellar performers have been injured to petition are over.

such an extent that their days of combat were cut short.

In the death of Anthony F. Wilding, killed in action at the Dardanelles, the British Empire lost a player who had been universally heralded as the most skillful wielder of a tennis racket ever developed. Wilding was a member of the University of Cambridge and played Davis cup in 1914. In his college days he was a star at Cambridge University. Prior to the outbreak of the first world war, the Dardanelles Wilding had won promotion for valiant fighting and wore the lieutenant's shoulder straps when he fell in battle. He was captain of the British tennis team and winner of the Swedish covered tennis court championship at Stockholm in 1913. He also captained the British team which covered the same year. He died in one of the early battles in Belgium.

FREDERICK

To followers of college athletics in the United States the news of the death of Johnny "Doc" Pogue, former Princeton football star, was a sad blow. Pogue, who was killed in action, was one of the greatest college athletes ever developed. His sensational playing won for his alma mater championships on several occasions. Together with this exceptional ability he combined the most wonderful personality known to the collegiate world. He enlisted at the beginning of the war

Among the most prominent athletes who died were Fletcher and McCraggen of the famous Oxford championship crew; Captain Noel-Edwards, Capt. Francis Grenfell and his brother, Riversdale;

Kirby, Gaiden and McKenna, other Oxford men; Poulton, captain of Oxford Rugby fifteen against Cambridge University in 1911; R. O. Lagden and F. H. Turner of the Scottish Internationals; Miljon Vernaud, Andre Vernaud and Elie Carpentier, French soccer players; Eugen

Uhl and Adolph Rees, famous German swimmers; Thoubaus, champion javelin thrower of France; Fritz Busholz, Germany's most expert spear thrower; Erich Lehmann, champion high jumper; Count von Wedel, prominent sleeper chaser, and Theodore Edward (Teddy) Brooks, all paid the price of war.

A Handsome

LEATHER POUCH

With 10c Worth of PIPER Heidsieck Chewing Tobacco

(Only one pouch to a customer)

This leather pouch is made of handsome tan leather—the flap fastens tight with a patent snap clasp, that keeps the pouch closed when you want it closed yet opens instantly at your touch. This offer is made to get more men acquainted with the wonderful qualities of PIPER Heidsieck Chewing Tobacco.

PIPER Heidsieck

CHEWING TOBACCO

We want every chewer in this city to take advantage of this offer. Every man who loves a good chew will prize this handsome, handy, serviceable leather pouch. Be sure *you* get one *without fail*—drop in at your dealer's for 10c worth of PIPER Heidsieck Chewing—today.

PIPER Heidsieck is the *highest type* of chewing tobacco in the world. Every leaf of ripe, golden brown tobacco used in PIPER Heidsieck is carefully selected from Nature's choicest crops, clean, sweet, and delightfully mellow. There is no better tobacco grown than that in PIPER Heidsieck.

PIPER Heidsieck is distinguished from all other tobaccos by its distinctive, different flavor. This flavor has made "PIPER" famous the world over. It is wonderfully pleasing, soothing and comforting, and affords lasting, healthful enjoyment.

No matter what tobacco you *thought* was best—try PIPER Heidsieck. Its sweet, mellow, fruity taste never fails to make a friend.

PIPER Heidsieck has *more* friends today than any other high-grade chewing tobacco in the world because there's solid satisfaction in every chew.

THE AMERICAN TOBACCO COMPANY

Notice to Dealers

This is a special offer and we want every dealer in Oakland, Alameda and Berkeley to be supplied with these pouches so that he can make this special offer to his customers. All dealers who have not yet secured a supply of these pouches to make this offer can do so by telephoning to E. A. Berry, Lakeside 37.

SLIGHT CHANGE IN STRIKE SITUATION

(Continued from Page 13.)

were employed at Seattle to unload the liner Shidzuka Maru and the steamer Al-Kl.

MONTICELLO LINE HIT.
VALLEJO, June 2. — Eighteen deckhands in the employ of the Monticello Steamship Company were among the members of the Bay and River Steamboatmen's Union who quit work yesterday morning. The strike, however, did not make any difference in the operation of the steamers Napa Valley and Sequoia, as the company had other men ready to take the deckhands' places. The trouble between the Monticello company and the workmen is not over any increase in pay, as the men are

paid \$10 a month over the scale, owing to the fact their hours are somewhat longer than the general average, but was caused by the fact that the men asked for every third day off with full pay. It is believed the difference will be adjusted, as the company is said to be willing to pay the men \$5 more per month which the Sailors' Union is demanding of most of the lower bay steamboat firms.

SETTLEMENT EFFORTS.
SEATTLE, Wash., June 2. — Immigration Commissioner Henry M. White, who was instructed by the department of labor to attempt settlement of the waterfront strikes in the Puget Sound district, will renew his efforts to work out a compromise between the employers and the International Longshoremen's Association and the United Dock Workers. The members of both organizations, which are demanding increased wages, assumed an uncompromising attitude yesterday, but White was hopeful of inducing the men to enter a conference.

Except for the Japanese liner Shidzuka Maru and the Alaska liner Al-Kl, no effort has been made to

handle cargo with non-union men. Both these steamers were worked by non-union crews yesterday without molestation. The officials of the Longshoremen's Association warned their members that there must be no violence.

ONE BOAT LEAVES.
PORTLAND, Ore., June 2. — The second day of the strike of longshoremen and river steamboat hands opened today, with both the union officials and employers apparently standing firm.

Idle vessels docked along the waterfront gave mute evidence of the "warfare" activity, while police men continued to patrol the district at the request of the shipping interests.

The river steamer Harvest Queen is scheduled to leave Portland for the lower Columbia river today, to carry passengers only, freight having been refused by the Oregon-Washington Railroad and Navigation Company officials. The vessel was scheduled to leave last night, but the owners decided not to operate with inexperienced firemen. It was said that she would have a full crew today.

HARVARD WITHOUT FREIGHT.
SAN DIEGO, June 2. — The handling of freight on local docks is at a standstill today, the striking longshoremen having this branch of marine activity completely tied up.

The Harvard steamed for the north today, carrying only passengers. Their baggage was handled by the ship's crew and no freight was accepted. The lumber schooner Bandon, bringing a cargo for the McCormick Lumber Company, was unloaded by the union deckhands of the schooner, no attempt being made to hire non-union longshoremen.

SEATTLE SITUATION.
SEATTLE, June 2. — With the list of idle vessels tied up in Seattle because of the longshoremen's strike swelled to eighteen today, Henry M. White, local commissioner of immigration, will make another effort to bring employers and workers together for an early settlement.

The prospects for peace appeared dubious, however, because union officers handling the strike again de-

clared that all efforts to mediate on middle ground would be refused. Fourteen non-union men worked the cargo of the Nippon Yusen Kaisha liner Shidzuka Maru and another crew worked the steamship Al-Kl at pier 14 yesterday.

The employers' association built a 12-foot fence in front of an old warehouse at the foot of Jackson street, which they said would be used to house strikebreakers. Agents are now signing up non-union workers, the employers announced today.

Approximately \$60,000 will be lost in wages daily to the strikers along the coast as long as they hold out, it was estimated here today.

NO CHANGE AT PORTLAND.
PORTLAND, Ore., June 2. — Today saw no change in the longshoremen's and river steamboatmen's strike on the local waterfront and only one clash between strikers and non-union men was reported to the police.

Idle firemen and deckhands in small numbers loitered about piers and slips, but no longshoremen ventured near the wharves and at union headquarters all was quiet.

Harbor Master Spier asked that his small force be strengthened by details from police headquarters, which was done.

SHIPPING AT STANDSTILL.
SAN PEDRO, June 2. — Shipping remained at a standstill here today and longshoremen and dock workers who struck early yesterday in union with workers in all Pacific coast ports from Mexico to Alaska said they were prepared to wait a settlement by their leaders at San Francisco.

Angels, Calaveras Town, Is Burning

STOCKTON, June 2. — Angels, Calaveras county, was the scene early today of a fire which threatened to wipe out the town, according to a long-distance telephone message received here. The fire started in a boarding house and at 10 o'clock this morning five houses were in ashes, with the flames still raging.

Orders Changes in Aviation Service

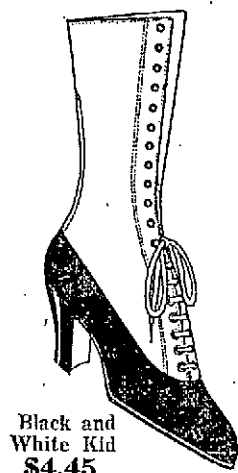

WASHINGTON, June 2. — Further changes in the army aviation service were announced today by Secretary Baker.

Captain Arthur S. Cowan, formerly in charge of the aviation school at San Diego and about whom charges centered has been transferred to duty in the Philippines. Lieutenants B. M. Atkinson, John B. Brooks, Harold Martin and Carl Spatz are ordered from the San Diego

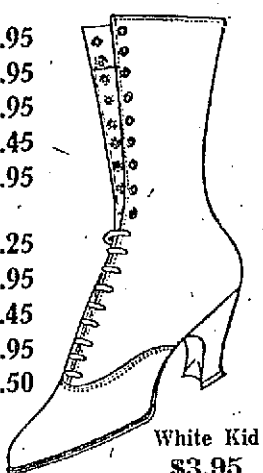

school to Columbus, N. M., for duty with the first aero squadron. Lieutenant Herbert A. Dargue attached to the first squadron who has been ordered to San Diego and Lieutenant Byron D. Jones now on temporary duty in Washington, also is ordered to San Diego.

How do you buy coffee?

SOME women buy coffee by price, some by looks, some by taste.

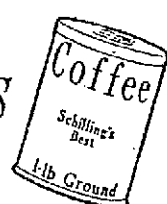

Of course, *taste* is the only right way to judge coffee. Looks may mean little, even to an expert. Price is no true guide.

Taste—flavor in your cup—is supreme because that's why you drink coffee.

Most women know that good coffee tastes better than indifferent coffee. But too few women know that fine coffee is not only good—but also economical.

For instance, a pound of Schilling's Best goes further than a pound of any other coffee we know of. You can prove this for yourself. It is good coffee plus—plus extra care in selection, handling and packing. This extra care means extra cups of smooth, rich coffee. It is sold only through grocers. Before we pack it in vacuum-sealed tins, we grind it evenly and take out the bitter chaff.

Schilling's Best Coffee

Every Complexion Blemish Banished
in three days—Cream Tokalon—(Rosacea) did it and we can prove it—Success guaranteed in every case or your money refunded. Sold by Drug Dept. at Kahn's and all leading dealers.

NEWS OF THRIVING EAST-BAY CITIES

SHIPPLANT MAKES CITY PROPOSITION

Union Iron Works Has
Definite Plan to
Present

Alameda Council Will
Discuss Offer To-
night

ALAMEDA, June 2.—A definite proposition from the Union Iron Works to the city of Alameda, to build a shipplant on the waterfront land adjoining the Alameda Union Iron Works plant, will be made to the city at the adjourned meeting of the city council this evening. Representatives of the Union Iron Works were in conference with the city committee on the waterfront land yesterday afternoon and a draft of the lease agreement was prepared.

The committee composed of Councilmen John H. Wilkins, chairman, John H. Walker and William H. Hammond Jr. The committee will meet tonight at 8 o'clock at the city hall to discuss the offer.

REASONS FOR THE LEASE. The reason for the lease is that the company is preparing to build one or more steel vessels having a length of not less than 400 feet.

The reason for the lease is that the company is preparing to build one or more steel vessels having a length of not less than 400 feet.

SYKES WON'T MOVE TENT COLONY WILL FIGHT ORDER OF THE POLICE

City Has No Power
to Force Him
Out, He Says

BERKELEY, June 2.—The city ordinance with regard to the establishment of tents may not be sufficient power to warrant the police of Berkeley in ejecting from the site at Stuart and Shattuck avenue the Church of the Living God and its leader, John Sykes, who claims to have been personally appointed by the Lord to prepare for the millennium. Sykes has been warned formally to quit the place, but declares he will make legal efforts to retain his rights.

Tents within the city limits are taboo under the ordinance now in effect. But Sykes declares when he applied for a permit the ordinance had not been passed, and he was told there was no authority for issuing him a permit. He has secured an attorney and will fight any effort to make the ordinance retroactive.

COMPLAIN OF NOISE. Chief complaint to the church of the Living God, so far as interests the police, has come from neighbors about the tent site. They declare the members of the church make much noise. It is asserted that the morning and evening chanting goes on in the tent until too late an hour for peaceful sleep. Upon these complaints the police acted in ordering Sykes to move.

Sykes has had considerable experience in moving. He formerly was established in Los Angeles, which he left to come to the bay region. He located in Emeryville. Later he planned to remove to Oakland, but Chief Petersen had already made up his mind differently in the matter and refused to receive the prophet and his flock. Then, a year ago, he came to Berkeley.

NOT TO MOVE. Sykes and several of his apostles, among them E. B. Fritzelle, J. J. Ferguson, A. M. Dean and others, held a conference to decide the matter. They decided not to move until forced to do so. The apostles agree with Sykes that the church is conducted properly and that there is no fracturing of conventions in its creed.

Last evening Sykes preached to an audience of considerable size the doctrine of the church. The members of the church were permitted to enter the prayer room, which is called by them the

holy place, to a depth of at least 25 feet; by constructing or reconstructing along the front of the property wharves, bulk heads or other necessary structures or appliances necessary to the use of the property for the same or other purposes.

The work of improvement shall commence within thirty days after the execution of the lease and shall be completed within two years from June 1, 1916.

In case the sum of \$100,000 shall not have been expended as aforesaid within the period ending June 1, 1918, the council or other legislative body of the city of Alameda may by ordinance extend the time for the expenditure of said sum for additional periods not to exceed another two years. If by June 1, 1918, or the end of the term of the lease, the said sum of \$100,000 has not been expended as aforesaid, the council or other legislative body of the city of Alameda shall be deemed to have accepted the said sum of \$100,000 shall be paid to the city in cash.

(c) The remaining sum of \$73,000 may be expended by the company at any time during the term of the lease, but the company shall be deemed to have accepted the said sum of \$73,000 shall be paid to the city in cash.

SHALL PASS TO CITY. The ownership of all permanent buildings and structures, which are not to be removed, shall be deemed to be the property of the city of Alameda, and the machinery or equipment of the undersigned, erected on said property, shall pass to the city of Alameda upon the expiration of the term of the lease, and the city of Alameda shall be deemed to have accepted the said sum of \$73,000 shall be paid to the city in cash.

At the expiration of the full term the company will dedicate to the city of Alameda the property covered by the lease, and the city of Alameda shall be deemed to have accepted the said sum of \$73,000 shall be paid to the city in cash.

At the expiration of the full term the company will dedicate to the city of Alameda the property covered by the lease, and the city of Alameda shall be deemed to have accepted the said sum of \$73,000 shall be paid to the city in cash.

"BROTHER" JOHN SYKES.

"Most Holy Place." In the center of this room is a golden basket, from which pro-

trude four golden horns. Kneeling rails and padded head rests, against which the worshippers bow, surround this on all four sides. The lamentations of the apostles, to which the neighbors have objected, are uttered in this room.

BRIDGE REFUSES TO CLOSE; TIES UP TRAFFIC. ALAMEDA, June 2.—The halting of the Park street bridge draw this morning blocked Alameda-Oakland traffic by way of Park street and East Oakland for an hour or more. The draw was opened to permit a boat to go through, but refused to close. Efforts were made to divert all street car traffic by way of Webster street, while autos and vehicles, and even pedestrian traffic, used the Fruitvale bridge until the draw was again in operation and the bridge could be closed.

WILKENS DISCUSSES ACTION AGAINST MAYOR. ALAMEDA, June 2.—Councilman John H. Wilkins held a second conference with the district attorney's office today relative to proceeding against Mayor P. H. Bartlett for acquittal of the charge of soliciting a bribe from the San Francisco-Oakland Terminal Railway Company in connection with the Alameda-Alameda ordinance. Assistant District Attorney Walter J. Purpus is now looking into the matter for the district attorney's office.

OWLS WILL DANCE. BERKELEY, June 2.—Bowlcity. Next of Owls No. 105 is playing for a merry affair Monday evening at Masonic Temple when a Yama Yama dance will be held. Good music will be provided for the occasion. Fred Seasholtz is chairman of the committee in charge.

FIRE DAMAGES ARK. ALAMEDA, June 2.—Fire did \$50 damage this morning to the ark of Noah, on the Alameda-Alameda bridge, when the ark caught fire, responding to a still alarm.

Neighbors Object to the Noise of Worshippers

trude four golden horns. Kneeling rails and padded head rests, against which the worshippers bow, surround this on all four sides. The lamentations of the apostles, to which the neighbors have objected, are uttered in this room.

Bridge Refuses to Close; Ties Up Traffic

ALAMEDA, June 2.—The halting of the Park street bridge draw this morning blocked Alameda-Oakland traffic by way of Park street and East Oakland for an hour or more. The draw was opened to permit a boat to go through, but refused to close. Efforts were made to divert all street car traffic by way of Webster street, while autos and vehicles, and even pedestrian traffic, used the Fruitvale bridge until the draw was again in operation and the bridge could be closed.

Wilkins Discusses Action Against Mayor

ALAMEDA, June 2.—Councilman John H. Wilkins held a second conference with the district attorney's office today relative to proceeding against Mayor P. H. Bartlett for acquittal of the charge of soliciting a bribe from the San Francisco-Oakland Terminal Railway Company in connection with the Alameda-Alameda ordinance. Assistant District Attorney Walter J. Purpus is now looking into the matter for the district attorney's office.

OWLS WILL DANCE.

BERKELEY, June 2.—Bowlcity. Next of Owls No. 105 is playing for a merry affair Monday evening at Masonic Temple when a Yama Yama dance will be held. Good music will be provided for the occasion. Fred Seasholtz is chairman of the committee in charge.

FIRE DAMAGES ARK.

ALAMEDA, June 2.—Fire did \$50 damage this morning to the ark of Noah, on the Alameda-Alameda bridge, when the ark caught fire, responding to a still alarm.

BIG FIRMS URGE ARMY TRAINING

Offer Men Expenses While in Training Camp to Aid Work.

NEW YORK, June 2.—The United Fruit Company, its employees learned today, has offered to grant any man in its service who wishes to attend a military training camp this summer not only four weeks' vacation with full pay, but an expense allowance of \$75. More than 300 corporations have granted their employees four weeks' leave on full pay if they wish to attend the training camp, but the United Fruit Company, so far as shown, is the first that has promised to pay expenses as well. The expenses of the recruits are estimated at about \$60. The Military Training Camps Association made public today a telegram sent to President Wilson asking his assistance in urging the passage of that section of the new army bill authorizing the appropriation of funds to meet the expenses of training camp recruits, who will accept government assistance. The association said it feared the Congress may delay passage of the necessary appropriation for another six weeks. The total enrollment for the Plattsburg camp today reached 10,727.

INDIANAPOLIS, Ind., June 2.—The number of actual enrollments for the citizens' military training camp to be held at Fort Benjamin Harrison during the summer has reached a total of 1337, according to an announcement today. This, it is said, insures the holding of at least two camps. The number does not include several hundred men who have signified their intention of attending one of the three camps planned, but have not actually enrolled.

Several local department stores, offices and manufacturing establishments have agreed to permit employees who have been with the firm at least a year to attend one of the camps without loss of pay or position. The date for the opening of the first camp has been set for July 5. The camps will be of a month's duration each.

1200 MEN LOCKED OUT.
PORTLAND, Ore., June 2.—Twelve hundred men engaged in lining the St. John's tunnel of the Oregon-Washington Railroad and Navigation Company have been locked out here by the contractors, A. Guthrie & Co., when a cessation of operations was announced in mid-afternoon. The men had recently demanded a general increase in pay of 50 cents a day. The contractors declared today that work would not be resumed until labor conditions were more favorable.

RAILWAY SURGEONS TO FIGHT TYPHUS

Texas Medical Men Organize Against Spread of Diseases.

SAN ANTONIO, Tex., June 2.—While organizing primarily to combat the introduction of typhus fever from Mexico into the United States, it was announced today that the Texas Railway Surgeons' Association formed here last night, had mapped out plans to be prepared for any emergency which might arise in connection with future developments in Mexico. These plans were not made public. The association began its existence with a membership of 500, headed by Dr. R. W. Knox of Houston as president. The railway surgeons will cooperate with state and federal health authorities and United States military authorities in battling against the spread of contagious diseases by persons traveling from one place to another. Several cases of typhus reported along the American border caused the surgeons to organize.

POLICEMAN IS GONE; MYSTERY

Bench Warrant Issued for Officer Wanted as a Witness.

STOCKTON, June 2.—Mystery surrounds the strange disappearance of W. F. Thackeray, the San Luis Obispo motorcycle policeman who arrested Frank Candido several weeks ago on a charge of stealing an automobile from the city. Several days ago the officer from the south appeared in Stockton to testify for the prosecution in the Candido case. He left on a trip to Sacramento, saying that he would return in time to take the stand in the justice court. He failed to return and has not been heard of since. San Luis Obispo authorities claim to be puzzled over the sudden disappearance of the officer and are unable to throw any light on the matter. A bench warrant has been issued for the officer.

Famous Masonic Body to Hold Assembly

INDIANAPOLIS, June 2.—The forty-fourth annual assembly of the Grand Imperial Council for the United States of the order of the Red Cross of Constantine, one of the oldest of the Masonic orders, is to be held here today. Prominent Masons from many states arrived yesterday for the sessions. A reception was tendered the visiting members last night. The assembly closes with the annual banquet tonight.
